# LIBRARY & LEARNING

IntraSpace worked extensively over a couple of years with DesignInc Sydney to fully design the custom built-in library shelving. The design incorporates static and mobile shelving, along with custom red colour shelves, hidden castors, bulkheads with LED lights, to name a few.

"Our library shelving includes curved and moveable pieces enabling us to use library spaces flexibly. IntraSpace were very responsive throughout the installation and their follow up service was excellent."

**KINGFISHER LIBRARY SHELVING** is renowned Australia wide and has been Australia's first choice in library shelving, with Australian Design awards confirming a well recognised commitment to quality, durability and design superiority for over 50 years. Kingfisher is designed to accommodate the needs of all library collections, and with manufacture to meet or exceed Australian Standard AS2226-1970, and a lifetime materials and workmanship warranty, you can be confident that Kingfisher will stand up to intensive use in a busy library.

- \ 1350 W x 550 D x 1525mm H
- \ 4 storage levels
- \ Colours: Laminex Commercial Range

- 1 Shelf pin holes designed to hold the metal shelves on 4 metal pins. The pin holes are spaced to suit the interchangeability function of the shelves.
- 2 Front lip of the angled shelves preventing books from falling off.
- 3 Return lip on flat shelves preventing books falling from the back.
- 4 135mmH Acrylic front to hold picture books. These are easily fitted to the punched-out holes on the shelves.
- 5 55mmH Acrylic dividers to segregate DVD/CDs. Each shelf comes with a total of 9 pairs of slots to give the user maximum flexibility.
- 6 100mm Top rail for signage.
- 7 125mmH Bottom plinth which can be interchanged with castors to make unit mobile.
