Sanifos® 610 GR

The Sanifos® 610 GR is a packaged pumping station for single dwelling use and is an efficient solution where gravity reliant sewerage systems are not possible due to limited site access and site constraints such as property sloping away from the sewer infrastructure.

SA303

WHY CHOOSE THIS PRODUCT?

Ideal for single dwelling residential or small commercial applications

Tough reliable macerator pump

Compact space saving tank design

Engineered to Australian Standards AS1546

Wired high level alarm

Choice of optional inlet connection points

Working temperature of 70°C max for short periods

IP68 rated

Complete package ready to install. Includes internal pipework, non return and ball valve supplied.

Energy saving and reduced motor wear thanks to large working volume.

Sanipump Cutter

Robust blade suitable for heavy usage

VERTICAL/HORIZONTAL PERFORMANCE

Increase size of horizontal run by one pipe size after 5m. All horizontal pipework requires a minimum of 1:100 fall.

Sanifos® 610 GR

TECHNICAL CHARACTERISTICS

| | |
|---------------------------------|------------------------------|
| Discharge Pipework | 40 mm |
| Motor Power | 1500 Watts |
| Voltages | 220-240 V/50 Hz |
| Tank Volume | 610 L |
| Working Waste Water Temp | 35°C/Max 70°C (intermittent) |
| Overall Measurements | 1140 x 1000 mm |
| Inlet Pipework | 40/50/100 mm |
| IP Rating | IP68 |
| Max Discharge | 216 L/min |
