

Superior Steel Lattice

Manufacturer of COLORBOND® steel and aluminium sun-control, privacy and fencing solutions for residential and commercial properties Australia-wide.

Superior Steel Lattice

Combines a great look with high tech COLORBOND® steel to provide a strong, versatile and durable privacy, shade and security solution.

Why Superior Steel Lattice?

Quality and durability

- 100% Australian made!
- COLORBOND® steel's exclusive paint finish is designed to withstand Australia's harshest weather conditions
- COLORBOND® steel delivers long life and superior anti-corrosion performance

Create the look you want

- Range of 21 COLORBOND® colours
- Options of powdercoat, ZINCALUME® or marine grade stainless steel
- Versatile designs including variable apertures, arches and curves, square or diamond patterns
- Custom made for a perfect fit

Sit back and relax

- Low maintenance, no painting required
- Non-combustible and termite proof
- Resists chipping, cracking and peeling
- Will not rot or burn
- Professional installation available

Peace of mind

- Reduces radiant heat making it an energy efficient choice
- Provides a secure barrier against burglars

Applications

Screening for fencing, gates (including automated), patios, carports, decks, windows, gables, arches, amenities screening and garden trellis.
