

Icon Data Vinyl

Icon Data Vinyl is a finished system providing static-dissipative commercial access floor panels. Anti-static, protective and risk reducing, these panels are suitable for commercial environments such as data centres, communication rooms, theatres or other applications requiring ESD (electrostatic discharge) properties. Sustainable and easy to maintain, these panels allow an integrated floor finish whilst maintaining the functionality of an access floor with 100% underfloor accessibility.

The vinyl is prefinished onto a 600x600mm access floor panel, ensuring that your design maintains functional accessibility to the services in the underfloor space such as power, data, fire and hydraulics.

The Vinyl Colour Hub is a great starting point to choosing the best finish for your design. However, if you are looking for something different, we are happy to work with you to design a specifically designed panel for your project.

-  **Sustainable**
-  **Permanent continuous electrical resistance**
106 ≤ Rt ≤ 109Ω
-  **Permanent antistatic properties**
-  **Complies with EN 649**
-  **Indoor air quality**
(TVOC after 28 days < 10µg/m3)
-  **100% recyclable**

-  **Floorscore Certified**
-  **Slip-resistance**
-  **Durable and strong**
-  **Easy to maintain**
-  **Easy to clean**
