CLEANING

BACKPAC VACUUM CLEANERS

Product code	210085
Motor 1,100 watt	Electric 240v
Tank capacity	9L

Light and easy to wear back pack vacuum cleaners enable unrestricted cleaning and manoeuvrability.

- Ideal for office environments and cleaning staircases.
- Safe and convenient.

CARPET & FABRIC CLEANERS

Product code	210010
--------------	--------

Commercial carpet cleaners produce professional results quickly and economically.

- Upholstery tool supplied.
- Applications include rugs, mats, carpets, stairs and lounge suites.
- Ideal for dewatering wet carpets.

Note:

- Rug doctor model in VIC & SA.

INDUSTRIAL VACUUM CLEANERS

Product code	210090	210092	210100
Motor	1,200w 240v	2,600w 240v	3,300w 240v
Tank capacity	50L	90L	205L

Commercial vacuum cleaners for site clean up after construction activity.

- Ideal for factory or office, around the home and garage and cleaning ceiling cavities.
- Other applications include dewatering floors and carpets after floods.
- Wet or dry pick up.
- Fine dust bags are available.

WET & DRY VACUUM CLEANERS

Product code	210105
Twin 1,200w motors	Electric 240v
Tank capacity	90L
Water lift	2,400mm

High performance industrial vacuum cleaners for dewatering projects including carpets, cellars and after flood cleanups.

- Independent twin motors and float switch pump to continually empty the tank via a discharge hose.
- Other units are designed for slurry pick up during wet concrete cutting and grinding.

Note:

- Always use an earth leakage detector on electrical equipment.

ROTARY KLEEN

Product code 130013

Use with all water blasters for fast efficient cleaning of paths, driveways, courtyards and floors.

- Small hand-held unit available.

Note:

- Detergent available for efficient, more thorough cleaning.

WATER BLASTERS - 1,500psi HOT WATER PRESSURE WASHER

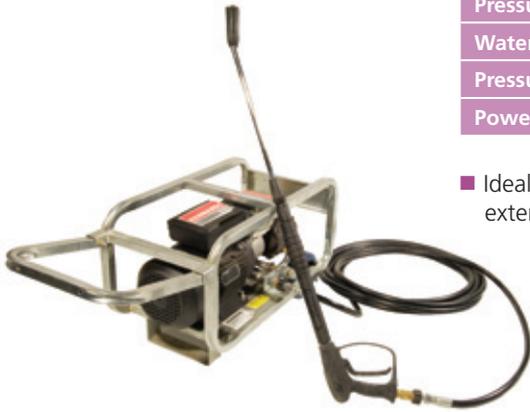

Product code	130030
Pump motor	Electric 240v
Heating	Diesel fuel to 150°C
Pressure	100bar (1,500psi)
Water usage	12L/min
Pressure hose length	10m
Power lead	Maximum effective length 15m

- Popular projects include degreasing garage floors, industrial kitchens, machinery, cleaning leisure vehicles, cars, boats and motorcycles.

WATERBLASTERS

WATER BLASTERS - 1,200psi COLD ELECTRIC MOTOR

Product code	130010
Motor	Electric 240v
Pressure	85-110bar (1,200 -1,500psi)
Water usage	11L/min
Pressure hose length	10m
Power lead	Maximum effective length 15m

- Ideal for general cleaning of paths, pavers, and driveways, as well as cleaning of exterior house walls prior to painting.

WATER BLASTERS - 2,000psi COLD PETROL MOTOR

Product code	130020
Motor	4 stroke petrol
Pressure	133bar (2,000psi)
Water usage	13L/min
Pressure hose length	10m

- Ideal for roof restoration and swimming pool maintenance, cleaning mossy paving, driveways and building exteriors.

WATER BLASTERS - 4,000psi COLD PETROL MOTOR

Product code	130022
Motor	4 stroke petrol
Pressure	260bar (4,000psi)
Water usage	15L/min
Pressure hose length	10m

- Suitable for larger industrial applications, cleaning of large machinery and graffiti removal.

WATER BLASTERS TRAILER-MOUNTED - 4,000psi COLD PETROL MOTOR

Product code	130031
Motor	4 stroke petrol
Pressure	260bar (4,000psi)
Water usage	15L/min
Pressure hose length	10m

Total portability for remote cleaning of vehicles, buildings, plant equipment and graffiti clean up.

- The 800L tank enables a full hour of pressure cleaning.

FLOOR EDGER SANDERS

Product code	210050
Motor	Electric 240v
Weight	16.5kg
Disc diameter	175mm

An edging sander that works right up to skirting boards for a consistent finish.

- Ideal for sanding stairs and small decks
- Compact and easy to use.
- Fitted with a dust bag.
- A selection of sanding papers in stock.

FLOOR SANDERS

Product code	210040
Motor	Electric 240v
Weight	42kg
Drum width	200mm

The ideal machine for rejuvenating timber floors.

- Prepare boards before clear finishing, liming, carpeting or vinyl laying.
- Ideal for both timber and parquet floors.
- Dust reduced operation and simple to use.
- Fitted with removal handle for transportation.
- A selection of sanding papers in stock.

Note:

- Refer to orbital rotary sanders for cork and parquet applications.
- Package deals available with floor edger sander.

FLOOR CARE

FLOOR POLISHERS

Product code	210060
Motor	Electric 240v
Diameter	400mm

Professional floor polishers quickly strip, scrub, and polish timber, vinyl, and painted concrete floors.

- Features a high speed operation for optimum finish.
- Pads and brushes stocked.

FLOOR STRIPPERS

Product code	210078
Model	Rotary
Motor	Electric 240v
Weight	40kg
Blade width	225mm

With a high speed blade on a weighted chassis, these machines are designed to quickly and efficiently lift vinyl tiles, linoleum, carpet residue, adhesives, malthoid or heavy grease buildups.

- Reversible blades suitable for timber or concrete surfaces are available.

ORBITAL FLOOR SANDERS

Product code	210046	210048	210047
Motor	240v 1,750rpm	240v 1,750rpm	240v 3,000rpm
Diameter	400mm	400mm	30cm x 45cm or 11.5cm x 40cm

A popular sander for parquetry and cork floors or fine finishing timber floors,

- A selection of sanding papers in stock.

FLOOR SWEEPERS

Product code	210122	210125	210127
Model	Petrol	Manual	Electric

- Use in large commercial buildings.
- Alternative to broom sweeping.
- Sweeps yards, paths, workshops and warehousing thoroughly and easily.
- Faster and more economical than a broom.

WALK BEHIND SWEEPERS

Product code	210126
Model	Tenant s10
Hopper capacity	68kg
Weight	300kg

- Filters down to 3 microns.
- Shaker mechanical filter.
- Forward and reverse.
- 240v charge on board.

CARPET STRETCHERS

Product code	210020
--------------	--------

A tool for simplifying carpet laying.

- Grips and tensions existing or new laid carpet.
- Knee-kicker model suits small jobs and a power stretcher is available for large projects.

BLOWERS / DRYERS & DEHUMIDIFIERS

Product code	190060	190070
Model	Blower / dryer	Dehumidifier
Motor	Electric 240v	Electric 240v
Airflow	3000cfm	N/A

Large volumes of air are introduced under wet carpets to rapidly dry them and prevent mildew setting in.

- Blower - Used in conjunction with a dehumidifier, moisture content in the room quickly dissipates reducing drying time extensively.
- Dehumidifier - easy way of removing moisture from the air.
- Dehumidifier - Helps drying process.

Blower / Dryer

Dehumidifier
