Made from an array of metals including stainless steel and zinc alloy as well as ceramic, glass or plastic and available in a large variety of finishes, you are sure to find the ideal handle for your needs.

Each handle is offered in a series of sizes, so matching a handle for a 900 mm wide drawer and a 450 mm wide cabinet is never an issue. And if matching handles to your appliances is a priority, then our range of stainless steel handles will cater to you perfectly. If you prefer the handle-less look, then our profile handles will do the trick. You get the look and the convenience of having something to grip.

So when it comes to putting the finishing touch on your cabinets or furniture, just ask Häfele.
