

INTRODUCING HYDRORAIL™

THE ULTIMATE
RENOVATION SOLUTION

KOHLER now offers a modern slide rail, with or without overhead to replace an existing fixed shower head without having to pay for behind the wall plumbing changes.

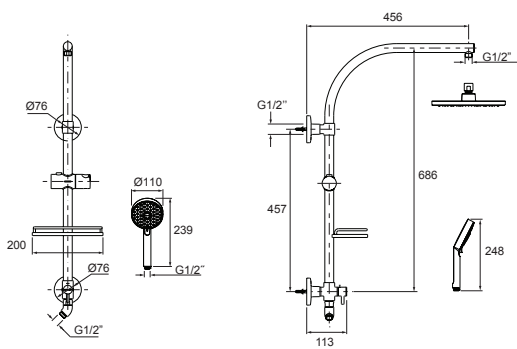

- Easy to install – top installing bracket is the water feed allowing an easy quick conversion from rose to slide rail
- Comes in round and square overheads or standard single slide rail
- Suitable for mains pressure
- WELS Rating: 3 star, 7.5 litres/min for HydroRail Slide Shower, HydroRail Rain Shower Round and Square Column Premium
- Features KOHLER Catalyst air induction technology

See the full range at kohler.com.au
Check online for a showroom near you.

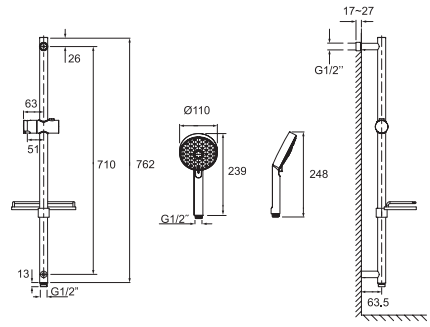

ABOVE: Existing showerhead and mixer, before installing HydroRail using the same plumbing.
