Westinghouse

Bringing Westinghouse to the laundry, to offer you a full home solution.

12 **Front Load Washers**

18 **Top Load Washers**

26 **Washer Dryer**

32 **Dryers**

38 **Specifications**

Dirty uniforms. Grass stained sports gear. Lasagne splattered tea towels. Where there are busy households, there's laundry – volumes of it. So after more than 60 years of homegrown Aussie innovation, Westinghouse moves back into the laundry. Like the rest of our appliance range, a trusty favourite with Australians, our washing machines, dryers and washer dryers are every bit as hard working, stylish and uncomplicated. They'll make an everyday task easy – so you can spend less time tending to those stains and more family time actually making the memories behind them.

STYLISH DESIGN

Functionality with style

More than ever laundries are an extension of our kitchens – featuring functional benchtops, clever storage, sleek cabinetry and smart appliances – making them better at dealing with what family life throws at you.

WASHING MACHINES

Designed for your family, no matter the size

At Westinghouse, we want to give you a reliable and efficient washing machine range that you don't need an engineering degree to operate. Whether it's a front or top loader, we've got sizes and special features designed with all types of family-sized messes in mind.

**Westinghouse
laundry for busy
households**

FRONT LOAD
WASHING MACHINES

Save on water and energy

We know it's not just gold stars you want for your kids, or from your boss. Our latest front load washing machine range has high energy and water efficiency ratings – handy for the planet and your utility bills. The more stars, the higher the savings.

FRONT LOAD WASHING MACHINES

features

A cooler clean

The tiniest fingers might leave the biggest imprint on your heart - but they won't on your clothes thanks to our PreMix+ technology. For a better wash at cooler temperatures, PreMix+ blends detergent with water and pressure sprays it onto the load to reduce detergent residue.

Laundry made express

If washing that top that's not dirty enough for the laundry basket, but not clean enough for the cupboard has slipped your mind, our Fast 15, a quarter hour wash, can refresh any urgent items you might need.

One wash wonder

Our PreMix deals with detergent residue, making sure powders are properly dissolved and activated before the wash.

Stop germ spread

Where there are kids, there are germs - and a hygienically clean laundry is more important than ever. Our Plus Hygiene function uses vapours to neutralise 99.9%* of selected common household allergens & bacteria.

Supersize your loads

When you need that doona washed before bedtime or a week's worth of laundry done in a day, our 3XL Door, an extra large opening, makes washing big or bulky loads easy.

Good vibes only

Our Inverter motor regulates vibration for a quieter cycle, so your Netflix binge isn't interrupted. Guaranteed for 10 years, it also uses up to 50% less energy than traditional motors.

Hour of power

Our Full Load 60 lets you wash an entire load in 60 minutes - less time than it takes to play a game of Monopoly - and without compromising on wash results.

Unlock more time

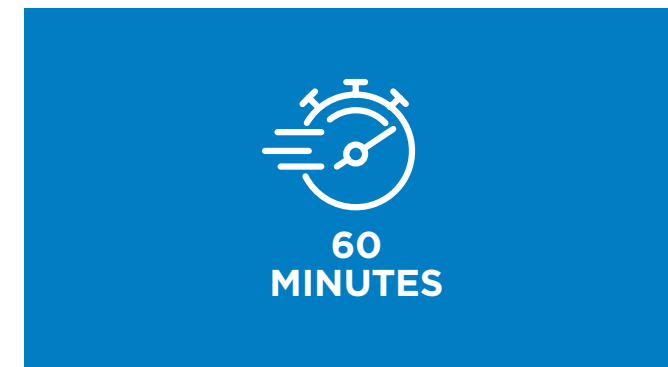

When you're looking to create more hours in your day, our Daily 39 delivers the kind of quality wash you expect for light loads, in less time - 39 minutes to be exact.

Confidence in care

How do we put this delicately? Your lingerie won't fray, silks won't damage and wools won't misshape with our delicates-friendly washing machines.

It pays to play favourites

When there's meals to cook and work to be done, ways to simplify your life are welcome. That's where our Save Favourite wash program comes in - allowing you to store your most used cycle so it's only one button press away.

*Tested on certain harmful allergens and germs: K. pneumoniae, P. aeruginosa, S. aureus

TOP LOAD
WASHING MACHINES

Family sized and packed with features

We want to help you extend those precious times it feels like the laundry is done - and be able to add that stray sock mid-wash. Spend less time laundering and more time living with the fast yet effective wash cycles in our new top loaders. Friendly on your schedule - and back.

TOP LOAD WASHING MACHINES

features

Call time on waiting

Let our handy time remaining display count down to the program finish, so you know when your wash will be done. If only bedtime was that easy.

One wash wonder

Our PreMix deals with detergent residue, making sure powders are properly dissolved and activated before the wash.

Fold on the go

Traditional whitegoods get an upgrade with our premium safety glass lid. Not only is it stylish and durable, it offers an extra laundry workspace thanks to the scratch resistant flat top.

Forgiving on fingers

Our soft closing child-safe lid means little fingers won't get a nasty surprise. Plus, our washing machines feature a child safe lid lock for added peace of mind.

Save water, choose Westinghouse

Our auto water level sensor conserves precious H2O, automatically choosing the ideal water level for each wash. If only it could perfectly pour your Friday night wine, too.

Help in a hurry

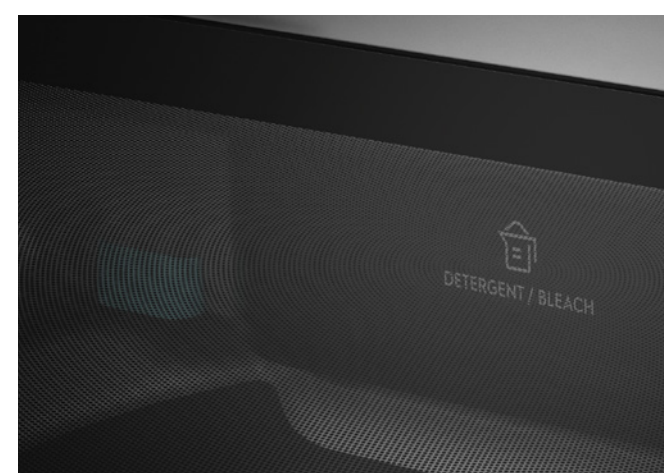

Whether it's a fast 20 minute wash because your favourite top needs a freshen up, a 45 minute mid-week daily wash or a Fullload 60 program after a muddy weekend of sport, our Fast Wash Programs mean you can get on with your day - without delay.

Ease your load

You won't need a background in IT to operate our easy use, easy clean, inclusive control panels. Because technology is supposed to make your life easier.

Softly does it

Honey, you won't shrink the kids or any of your other favourite items with our gentle wash action - a handwash equivalent for your delicates at the press of a button.

WASHER DRYER

All in one

We haven't seen a better duo since chicken schnitty and chips. A nifty combination front load washing machine and clothes dryer, our washer dryers are built to turn even the smallest laundry into something functional.

WASHER DRYER

features

One wash wonder

Our PreMix deals with detergent residue, making sure powders are properly dissolved and activated before the wash.

Hour of power

Our Full Load 60 lets you wash an entire load in 60 minutes – less time than it takes to play a game of Monopoly – and without compromising on wash results.

Stop germ spread

Where there are kids, there are germs – and a hygienically clean laundry is more important than ever. Our Plus Hygiene function uses vapours to neutralise 99.9%* of selected common household allergens & bacteria.

Unlock more time

When you're looking to create more hours in your day, our Daily 39 delivers the kind of quality wash you expect for light loads, in less time – 39 minutes to be exact.

Supersize your loads

When you need that doona washed before bedtime or a week's worth of laundry done in a day, our 3XL Door, an extra large opening, makes washing big or bulky loads easy.

Confidence in care

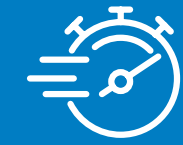

How do we put this delicately? Your lingerie won't fray, silks won't damage and wools won't misshape with our delicates-friendly washing machines.

Good vibes only

Our Inverter motor regulates vibration for a quieter cycle, so your Netflix binge isn't interrupted. Guaranteed for 10 years, it also uses up to 50% less energy than traditional models.

Convenience you can count on

When you need that school uniform, stat, our WashDry60 program designed for 1kg or less loads, turns around last-minute laundry in just an hour.

DRYERS

Helping you dry your clothes quicker

We know your time is precious and want you to be able to make the most of every day. While you might not be able to rely on the weather report, you can trust our dryers to quickly turn your laundry from dirty to done – so you get that empty basket satisfaction.

DRYERS

features

Dry without damage

Our SensorDry technology detects when your load is dry enough and ends the cycle instead of just running on a set time, so that you end up with undamaged laundry that's not been over-dried.

Around the clock freshness

Our reverse tumbling action switches directions between clockwise and anti-clockwise so your load dries quickly and evenly. Even once damp socks kidnapped into the corners of fitted sheets come out fresh.

Care at lower temperatures

Line dry only? There's a Westinghouse appliance for that. Our dryer's low/low setting - low on tumble and low on heat - means they're as protective as a parent on their teen's first date.

Retire the iron

Like a face cream for your clothes, our auto cool down reduces wrinkling and means your load is cool to touch when the program is finished.

Take a turn

The straightforward rotary dial means any household members - big or small - can help out on laundry day.

Stacks of space

Create valuable floor space in your laundry by installing your vented dryer onto the wall with our secure wall mounting kits.

Warranty

Electrolux Home Products Pty Ltd and Electrolux (NZ) Limited (collectively Electrolux) warrants that for domestic applications the Appliances featured in this brochure are free from defects in materials and workmanship for 2 years, and warrants that for featured accessories a period of 12 months, following the date of original purchase and subject to the conditions set out in the warranty card accompanying the product when purchased. This warranty is in addition to the other rights and warranties you may have under the Australian Consumer Law (ACL) and Electrolux will at all times comply with its obligations at law including the ACL. For New Zealand customers Electrolux will at all times comply with its obligations pursuant to law including the Consumer Guarantees Act, the Sale of Goods Act and the FairTrading Act. Where appliances are purchased in NZ for commercial purposes the Consumer Guarantees Act does not apply.

* Product information

The descriptors and illustrations in this publication apply to the specific products and models described as at the date of issue. Under our policy of continuous product development, product specifications may change without notice. Prospective purchasers should therefore check with their retailer to ensure this publication correctly describes the products that are being offered for sale. All information supplied is to be used for general reference purposes only and is on the understanding that Electrolux will not be liable for any loss, liability or damage of whatever kind arising as a result of reliance on such information. Electrolux will at all times comply with its obligations pursuant to law. Colours of products illustrated are as close as printing limitations allow.
