OUR BIN SOLUTIONS

BinSafe bin enclosures offer you a contemporary and discreet solution for storing standard wheelie bins in cityscapes and areas where a clean environment is desired.

Each BinSafe bin enclosure is fully contained, with a lockable door to prevent the bin from tipping over and spilling contents onto sidewalks, platforms and parks. Our bin enclosures also protect wheelie bins from theft or unwanted relocation.

IMPROVE RECYCLING & DISPOSAL

Our customised bin solutions can save valuable time in the collection and processing of rubbish, as well as, improving recycling practices in the community. Each bin enclosure can have an easily identifiable lid or distinguishable features for disposing either general waste or recyclable material. We accommodate various disposal systems for our customers, depending on desired colours, branded icons and waste processing methods.

SUPERIOR WORKMANSHIP

All of our bins are manufactured to the highest quality. We offer frame sizes to suit either 120 or 240 litre bins with side panels available in stainless steel, E-wood, Ali-wood and aluminium. Doors come in stainless steel or aluminium-powder coated, with an anti-graffiti option.

A CUSTOM RANGE

We can customise the design of our BinSafe products by working collaboratively with customers to achieve desired visual outcomes to compliment project plans.

BinSafe keeps spaces clean, with a modern lockable enclosure for standard wheelie bins.
