DESKLINE®
Product Overview

The clever move

LINAK has the widest product programme on the market.
We develop and provide solutions where all components work
together. True systems where everything fits, it is simply Plug &
Play.With our DESKLINE® systems you can concentrate on design,
stability and furniture aesthetics. As a global leader we provide
Plug & Play electric height adjustable solutions for desks, tables,
counters and workstations which people work behind every day.

PVC-free systems

LINAK has acknowledged that there are alternatives to materials
containing PVC. For health reasons and for the sake of the
environment most DESKLINE systems are PVC-free as standard.
Look for the PVC-free icon to denote products that are PVC-free.

ZERO™ technology

The environment is increasingly on people's minds. LINAK uses
ZERO technology to lower standby power consumption to just
0.1W. All our DESKLINE control boxes have low standby power as
standard. Look for the ZERO icon to denote products that have
low standby power consumption.

PIEZO™ anti-collision technology

PIEZO is the name given to LINAK hardware based anti-collision
technology. This feature prevents material damage to a desk if a
collision with a solid object occurs. The PIEZO sensor is completely
integrated in the column with no visible changes and no extra
mounting. The PIEZO sensor is more sensitive and reacts faster
than known software based systems. Look for the PIEZO logo to
denote which DESKLINE columns offer PIEZO as a feature.

LINAK®
WE IMPROVE YOUR LIFE

Power to the system

CBD4
- ZERO™ standby power consumption
- High performance, low pleasant sound and constant speed of the system
- Plug & Play with all lifting columns
- Up to 4 channels in parallel

CBD6S
- Compact, lightweight
- ZERO™ standby power consumption
- PVC-free as standard
- Intuitive cable management
- High performance, low pleasant sound and constant speed of the system
- Plug & Play with all lifting columns
- Up to 4 channels in parallel
- Universal input (300W)

BA001 Battery box
- Battery alarm (audio)
- Battery charging indicator (LED light bars)
- Capacity 2.2 Ah/53Wh
- Nominal voltage 24V
- Mounting bracket for easy mounting/demounting

CBD6S, a compact, state-of-the-art control box

The series of control boxes CBD6S combines the best of the past with new unique features into compact, state-of-the-art control boxes. The CBD6S is backwards compatible and works with the entire DESKLINE® product programme. Weighing down to 400 g and with a height of only 38 mm it is easy to mount, and it has grooves in the bottom for intuitive cable management. Moreover, it is PVC-free and comes with ZERO standby power as standard.

WE IMPROVE YOUR LIFE

Movement of the desk

Throughout the years LINAK has launched a wide range of motor systems for office desks, tables, counters, workstations and kitchens.

All members of our DESKLINE® column family contribute to reliable, easy and innovative solutions for electric ergonomic adjustment to your desks. LINAK solutions focus on complete flexible systems based on your needs and wishes - both functionally and aesthetically.

LA31
Speed: 20 mm/sec.
Max thrust: 3500 N/leg
Stroke length: 500 mm

Available in several lengths

Baselift
Speed: 14 mm/sec.
Max thrust: 1500 N
Stroke length: 100 mm
Built-in dim: 100 mm

DL1A
Speed: 43 mm/sec.
Max thrust: 1600 N/leg
Stroke length: 500 mm
Built-in dim.:   645 mm

**Available in
several lengths**

DL5
Speed: 38 mm/sec.
Max thrust: 800 N/leg
Stroke length: 500 mm
Built-in dim: 645 mm

**Also available as a
built-in actuator**

DL6
Speed: 38 mm/sec.
Max thrust: 800 N/leg
Stroke length: 650 mm
Built-in dim: 560 mm

**Also available as a
built-in actuator**

**Also available in a
1200N version**

DL7 and DL7R
Speed: 34 mm/sec.
Max thrust: 800 N/leg
Stroke length: 470 mm
Built-in dim: 645 mm

DL8
Speed: 38 mm/sec.
Max thrust: 800 N/leg
Stroke length: 500 mm
Built-in dim: 645 mm

LINAK®
WE IMPROVE YOUR LIFE

DL2
Speed: 20 mm/sec.
Max thrust: 2500 N/leg
Stroke length: 500 mm
Built-in dim: 645 mm

Available in several lengths

DL4
Speed: 43 mm/sec.
Max thrust: 700 N/leg
Stroke length: 675 mm
Built-in dim: 560 mm

**Also available as a
built-in actuator**

DL12
Speed: 38 mm/sec.
Max thrust: 700 N/leg
Stroke length: 660 mm
Built-in dim: 518 or 545 mm

**Also available as a
built-in actuator**

DL14
Speed: 38 mm/sec.
Max thrust: 700 N/leg
Stroke length: 660 mm
Built-in dim: 525 mm

**Also available as a
built-in actuator**

DL17
Speed: 38 mm/sec.
Max thrust: 700 N/leg
Stroke length: 660 mm
Built-in dim: 518 mm

DL9
Speed: 38 mm/sec.
Max thrust: 800 N/leg
Stroke length: 650 mm
Built-in dim: 560 mm

**Also available in an
XL-version**

DL10
Speed: 38 mm/sec.
Max thrust: 800 N/leg
Stroke length: 500 mm
Built-in dim: 645 mm

DL11
Speed: 38 mm/sec.
Max thrust: 800 N/leg
Stroke length: 650 mm
Built-in dim: 560 mm

**Also available in an
XL-version**

DL15
Speed: 38 mm/sec.
Max thrust: 800 N/leg
Stroke length: 500 mm
Built-in dim: 645 mm

DL16
Speed: 38 mm/sec.
Max thrust: 800 N/leg
Stroke length: 650 mm
Built-in dim: 560 mm

LINAK
WE IMPROVE YOUR LIFE

Raise your control level

We have what you need. LINAK offers a full range of control units, in basic, advanced and wireless versions, with memory functions and displays monitoring the desk height and other data. The range of DESKLINE controls also includes motivational software and wellness switches.

PVC FREE

PVC FREE

DPA
- Small, compact panel
- Up-down function
- Intuitive use
- Adjustable front

DPB
- Small, compact panel
- Up-down function
- Intuitive use
- Fixed, angled front
- Drawer for easy mounting

DPF
- Modern design
- Intuitive use
- Up-down function with optional memory buttons
- Separate mounting bracket

DPF1C
- Modern design
- Intuitive use
- Memory buttons
- Display for height read-out
- Separate mounting bracket

DPF4T
- Modern design
- Intuitive use
- Memory buttons controlling up to 4 references
- Display for height read-out
- Separate mounting bracket

LINAK®
WE IMPROVE YOUR LIFE
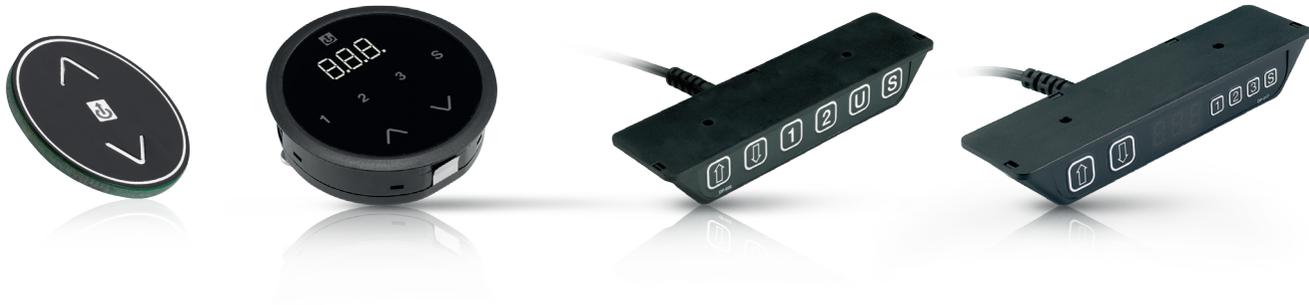

DPH
- Small, compact panel
- Up-down function
- For integration in tabletops
- Can be customised
- Available in black or white

DPT
- For integration in tabletops
- Touch technique
- Display for height read-out
- Memory buttons
- Available in black or white

DP
- Classic control
- Up-down function with optional memory buttons
- For parallel systems or for individual systems

DP1C
- Classic control
- Memory buttons
- Display for height read-out

DPF1W
- Modern design
- Display for height read-out
- Counts standing minutes and calories
- Report: tracks desk use
- Alarm: reminds the user to stand
- Separate mounting bracket

LINAK Desk Control™
- A software desk panel
- Adjustment via PC or Mac
- Counts standing minutes and calories
- Report: tracks desk use
- Alarm: reminds the user to stand
- Customised user interface (option)

HB10RF
- Wireless handset (RF based)
- Easily operated
- Ergonomic design
- Available in 1 or 2 channel versions
