TUBELIGHT

SKYLIGHT KIT

The Skyspan Tubelight range of skylights is one of the most extensive in Australia. The Skyspan flexible shaft range of skylights is one of the most economical and cost effective ways of Utilizing Nature's Gift and providing natural light and ventilation to any room. From small domestic skylights to large commercial applications Skyspan can deliver the ultimate skylight kit.

The Skyspan Tubelight can be supplied to suit any roof profile and has the option of powdercoating to complement the Colorbond range of colours.

The highly reflective flexible shaft carries natural light directly to your room providing an atmosphere of freshness and vitality.

The Skyspan Tubelight is completed by a white ceiling trim and a selection of diffusers.

With the ventilation option, unpleasant odours and air is released into the outside atmosphere providing a cost effective option for natural ventilation.

The Skyspan Tubelight comes as a DIY kit and is an extremely easy unit to install. The flexible shaft eliminates the need for a costly light shaft construction, saving both time and money.

The Skyspan Tubelight is the ultimate package when it comes to providing natural lighting to your home.

- 99% UV RESISTANCE
- DIFFUSER OPTIONS
- VENTILATION
- GLAZING OPTIONS
- POWDERCOATING
