

## Plytech Birch S/BB Select

*Plytech Birch S/BB Select is a European Birch panel. The S-grade face veneer is of a good quality allowing for minor repairs and occasional small pin knots. Discolouration and mineral streaks are permitted. The BB back allows for slightly larger inter-grown knots and repairs. Birch S/BB Select features an attractive multi-ply edge detail which can be accentuated with a clear finish.*

### Applications:

Furniture, Joinery, Office & Shop fit-outs.  
Wall, ceiling panelling.

### Features:

Birch S/BB Select is creamy-white to biscuit in colour with a straight grain and fine texture.

Thickness	Length x Width
12mm/9ply	2440 x 1220mm
18mm/13ply	2440 x 1220mm
24mm/17ply	2440 x 1220mm
35mm/25ply	2440 x 1220mm

### Handling and Storage:

Plywood is a natural product that can be affected by changes in ambient weather conditions, causing previously flat sheets to bow or twist. All precautions are taken to minimise this effect, however once the plywood has left our warehouse we cannot guarantee sheets to remain flat. This is particularly important where free standing kitchen/cabinet doors are concerned.
