**vitradual™**

NON-COMBUSTIBLE CASSETTE CLADDING / MANUFACTURED BY FAIRVIEW

## PRINCESS ALEXANDRA HOSPITAL RECLAD

NAME:	PA HOSPITAL
LOCATION:	WOOLLOONGABBA, QLD
BUILDER:	HUTCHINSON BUILDERS
INSTALLER:	ABS FACADES
PRODUCT:	VITRADUAL
FINISH:	COPPER METALLIC, PEARL GREY, OYSTER, THRILLER GREY

Rectification works have been completed on Princess Alexandra Hospital, replacing over 21,000 sqm of Mitsubishi Alpic PE with 3mm solid Vitradual. This follows a comprehensive product assessment process involving multiple stakeholders.

*Vitradual was the perfect cladding choice for this project due to the product's ability to be curved, rolled and perforated.*
