27th December 2012

To Whom It May Concern,

The Felton Oxijet™ shower water aerator has been installed at Novotel Northbeach Wollongong throughout level 10 of our guest floors for the past six weeks as a trial.

Based on the trial, Novotel Northbeach Wollongong is pleased with the Felton Oxijet™ aerator and will be in the near future installing it throughout all the hotel guest rooms.

Novotel Northbeach Wollongong is conscious of the environment and its water consumption; we believe based on the success of the trial that the Felton Oxijet™ will provide the hotel an improvement of its shower water pressure to guests whilst also being environmentally friendly by conserving water.

Yours Sincerely,

Michael Madden
Chief Engineer
