

# F10-111 Flat Nosing

## F10-111 Step Nosing

The F10-111 is designed to create an anti-slip step edge to reduce falls and enhance speed in all weather situations. The bull nosed aluminium step nosing ensures a perfect fit for a wide range of step shapes.

The F10-111 can be used on a range of substrates such as concrete, timber, tiles, vinyl, steel and checker plate. Installation is a simple process using fixers (supplied) and glue. It can also be fitted over steps with an industrial or commercial type carpet (with no underlay) and up to 1/4" (6mm) thick.
