Experts in comfort.

The Springtred Range.

CLASSIC (8mm) is your first step towards comfort and better carpet performance.

EXTRA (9mm) provides extra density and thickness for improved underfoot comfort.

ULTIMATE (10mm) takes it to another level, offering even more luxury and softness.

SUPREME (11mm) is our highest density and thickness, delivering superior feel and maximum performance.

Choose your comfort level.

No matter what level of comfort you need, Dunlop Springtred has it covered. There are 4 products available with a range of comfort levels to suit your budget and your lifestyle.

Dunlop delivers.

There's no better name to entrust your great Australian dream to than Dunlop Flooring. Springtred has been specifically designed to be better for longer, and meets the AS4288 standard for soft underlays.

More to offer.

Dunlop Springtred extends the life of your carpet by absorbing impact, which helps keep it looking its best. It can also save you money by reducing heating bills thanks to its outstanding thermal insulation properties. And if it's peace and quiet you're after, it reduces noise transfer too. Plus it's suitable for all floor types including heated slabs up to 40°C.

The healthy choice.

Through Dunlop Fresh Living, Dunlop Flooring promotes better health for both our customers, and for the environment. Dunlop underlays are treated with a proven antimicrobial to protect against damaging bacteria, moulds, and mildew, which are significant triggers for allergies like hay fever and eczema. It also helps control dust mites, which may assist in the prevention of asthma attacks.

Leaving a lighter footprint.

Dunlop Flooring is committed to reducing our impact on the environment by helping to reduce landfill. Dunlop Springtred is manufactured from 90% recycled materials and is 100% recyclable. In addition, we run our own recycling program, Recycle by Dunlop, encouraging retailers to return their used underlay to us. In fact, Dunlop Springtred was voted the Best Eco-Friendly Product in 2011 at the Australian Business Awards for demonstrating innovation and commitment to sustainable living.

Our guarantee of quality.

Springtred is proudly Australian made so you can be confident you've chosen a quality product. It's guaranteed by Dunlop Flooring for the life of your carpet. It's also accredited by the Carpet and Rug Institute's Green Label program in the USA, which identifies products that promote superior indoor air quality. Furthermore, it meets the requirement set by the Green Building Council of Australia's Green Star program, and achieves maximum rating points for building interiors.

"My carpet was quite expensive so in order to protect it, I installed Springtred Ultimate to keep it looking newer for longer."

"My son suffers from asthma so I chose an underlay that's treated with an antimicrobial to help prevent any attacks in the future."

"It gives me peace of mind knowing that I have chosen a product that is guaranteed for the life of the carpet."

"Since I installed Springtred in my house, I love to come home and kick off my shoes after a hard day at work."

Dunlop Springtred carpet underlay helps keep your carpet feeling comfortable and looking new. It's what you'd expect from a company that has over 40 years experience in making Australia a more comfortable place to live.

In fact, Dunlop has always made your comfort our business. From pillows and bedding to footwear and sofa cushioning, we have devoted ourselves to delivering outstanding comfort. It's what we do best so you can trust us when we say that Dunlop Springtred is the ultimate in comfort.
