

# GRIPSET<sup>®</sup> E60

WATER BASED  
EPOXY PRIMER

## Avoid risk of moisture damage

### 2-PART EPOXY PRIMER & MOISTURE BARRIER

**Water  
based**

**Perfect for  
mineral based  
surfaces**

**Low VOC**

**Solvent free  
and odourless**

**Gripset E60 is used by demanding industrial contractors to ensure that rising damp is prevented.**

This proven formula provides outstanding adhesion and is also the safest to work with; solvent free, odourless, with the lowest Volatile Organic Compounds (VOCs) available.

**NEW  
RELEASE**
