Webinars

Free to members, \$77 to non-members

One hour sessions you watch and listen live, done online from your office, lounge room or anywhere you have internet access.

- 1 March 2016 – Managing insurance work on water damaged floors
- 3 May 2016 – Correct use of capacitance meters on timber and concrete
- 1 June 2016 – When do hollow sounds in floors become a problem
- 5 July 2016 – Air conditioning effects on timber floors
- 16 August 2016 – Work damage – how should it be handled?
- 1 November 2016 – What's an acceptable gap size and when can I use a filler

Assessing Timber Floor Performance

\$825 per person

Requires membership to participate

The workshop everyone should do to understand the performance of timber flooring products in all types of climates and installation conditions – it will help you pre-assess the site and diagnose problems.

Sydney	24 and 25 August 2016
Brisbane	31 August and 1 September 2016
Auckland NZ	11 and 12 October 2016

Prefinished Products Installation Rules

\$395 per person

\$595 for non-members

A new one day workshop to cover the essentials of engineered flooring, bamboo and laminate, their installation considerations and expansion requirements – essential for all retailers, as well as installers.

Brisbane	8 March 2016
Perth	13 April 2016
Tasmania	17 May 2016
Sydney	8 June 2016
Adelaide	3 August 2016
Auckland NZ	28 September 2016
Melbourne	26 October 2016
