 BELOW : Left single tile at 400x400, Centre 4 tiles at 400x400mm each.

STORM - HONED

SIZE GUIDE

DIMENSIONS IN MM

WIDTH	600	400
LENGTH	600	400
DEPTH	20	15

DESCRIPTION

Fibonacci Stone's Storm Terrazzo Tile's contrasts pale aggregates of white, bone, and pearl grey marble with a stormy grey cement for a bold and graphic look. Ideal for high traffic areas and environments that require a sophisticated and durable flooring finish.

Storm Terrazzo Tiles are ideal for both residential and commercial flooring applications as they possess a high slip resistance, require minimal ongoing maintenance and have a lifespan of over 30 years.
