Twiin™ Sliding Patio Door Locks

The Ultimate Style & Quality of Door Hardware

Twii™ Chassis Sliding Patio Door Locks

The Doric Twii™ is the latest non-handed twin actuator system to be offered in the Australian market.

The 316 grade stainless steel tongues and 6 point keeper fixing ensures the Doric Twii offers a high level of security that surpasses similar products designed for residential applications.

Technical Specifications

Materials:	Die cast zinc or stainless steel housing options. Zinc passivated internals.
Finishes Available:	Satin Chrome Plate and Powder Coat. Other finishes may be available on request.
Cylinder:	C4 pin cylinders are standard & One Key™ solutions compatible.

Product Benefits

- Conforms to BCA egress lever requirements (Section D2.21 Operation of Latch) for escape in case of emergency.
- Standard model offers selectable deadlatched or deadlocked security functions offering users flexible security options.
- Utilises industry standard C4 pin cylinder system and can be keyed alike to existing entrance doors.
- Industry benchmark keeper adjustment of 6mm making installation and on site adjustment easier.
- Twii™ actuator system meets Doric's Limited Dexterity Feature (LDF) performance requirements, and is ideal for people with hand disabilities or limited strength.
- Utilises industry standard 82mm door preparation detail, allowing retro fit to most existing Sliding Patio Door Locks.
- Accepts all Doric external pulls.
- Incorporates an anti-crash feature to avoid damage to hook tongues.
