ACOUSTIC DESIGN CEILINGS
VoglFuge® / **Vogl**Joint system

Designed with European style and precision, and with a Group One Fire Rating certification, this revolutionary ceiling system covers all the acoustic and aesthetic requirements in modern commercial design.

Vogl ceiling systems are designed to serve as noise absorbers, and at the same time offer a seamless aesthetic that is visually superb.

The design of this product allows for circular, square or slotted perforations to be used in a continuous pattern to achieve a seamless look right across your ceiling. Whether you have a long narrow walkway or a vast open auditorium, the Vogl range will ensure perfect sound control in your area, with unique visual appeal.
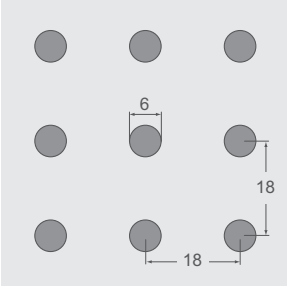

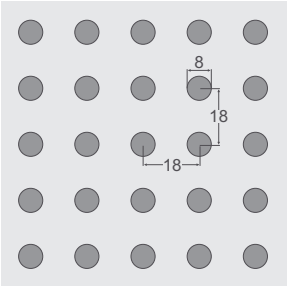

Unsurpassed advantages of the Vogl systems
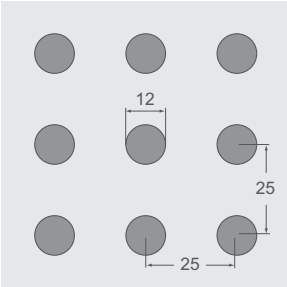

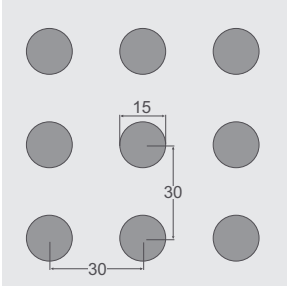

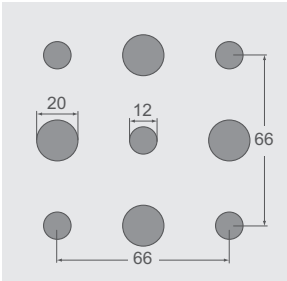

The unique joint technology offers maximum reliability for installation and finishes

- Create a seamless ceiling without complex aligning of panels
- Enjoy fast delivery of products that are available in stock in Australia.
- Save significant time on site due to ease of installation and drying times
- Quality ceiling panels with maximum crack resistance and minimum dust and moisture.
- VoglFuge ®/VoglJoint system kit included
  Contains all the necessary material, required tools and a detailed installation guide for maximum reliability on site and guaranteed results.

Step 1 - Choose your profile

VoglFuge® / **Vogl**Joint system - Perforation patterns and Sound absorption values

| Profile No.	Description	Details	m² / pallet boards / pallet
VF 6/18R	Acoustic design panel VF 6/18R Acoustic fleece, black Rated sound absorption: α_W = 0.55 sound absorption class D Backed with 30mm glass wool: α_W = 0.55 sound absorption class D	1188 x 1998 x 12.5mm Perforated area: 8.7% Weight: 9.1kg/m² Includes VoglJoint system kit	59.3 m² / pallet 25 boards / pallet GROUP 1 FIRE RATING

Profile No.	Description	Details	m² / pallet boards / pallet
VF 8/18R	Acoustic design panel VF 8/18R Acoustic fleece, black Rated sound absorption: α_W = 0.70 sound absorption class C Backed with 30mm glass wool: α_W = 0.75 sound absorption class C	1188 x 1998 x 12.5mm Perforated area: 15.5% Weight: 8.5kg/m² Includes VoglJoint system kit	59.3 m² / pallet 25 boards / pallet GROUP 1 FIRE RATING

Profile No.	Description	Details	m² / pallet boards / pallet
VF 12/25R	Acoustic design panel VF 12/25R Acoustic fleece, black Rated sound absorption: α_W = 0.70 sound absorption class C Backed with 30mm glass wool: α_W = 0.80 sound absorption class B	1200 x 2000 x 12.5mm Perforated area: 18.1% Weight: 8.2kg/m² Includes VoglJoint system kit	60.0 m² / pallet 25 boards / pallet GROUP 1 FIRE RATING

Profile No.	Description	Details	m² / pallet boards / pallet
VF 15/30R	Acoustic design panel VF 15/30R Acoustic fleece, black Rated sound absorption: α_W = 0.75 sound absorption class C Backed with 30mm glass wool: α_W = 0.80 sound absorption class B	1200 x 1980 x 12.5mm Perforated area: 19.6% Weight: 8.0kg/m² Includes VoglJoint system kit	59.4 m² / pallet 25 boards / pallet GROUP 1 FIRE RATING

Profile No.	Description	Details	m² / pallet boards / pallet
VF 12/20/66R	Acoustic design panel VF 12/20/66R Acoustic fleece, black Rated sound absorption: α_W = 0.70 sound absorption class C Backed with 30mm glass wool: α_W = 0.80 sound absorption class B	1180 x 1980 x 12.5mm Perforated area: 19.6% Weight: 8.0kg/m² Includes VoglJoint system kit	58.8 m² / pallet 25 boards / pallet GROUP 1 FIRE RATING

	Profile No.	Description	Details	m² / pallet boards / pallet
	VF 12/25Q	Acoustic design panel VF 12/25Q Acoustic fleece, black Rated sound absorption: $\alpha_W = 0.75$ sound absorption class C Backed with 30mm glass wool: $\alpha_W = 0.90$ sound absorption class A	1200 x 2000 x 12.5mm Perforated area: 23.0% Weight: 7.7kg/m² Includes VoglJoint system kit	60.0 m² / pallet 25 boards / pallet
	VF 8/15/20R	Acoustic design panel VF 8/15/20R Acoustic fleece, black Rated sound absorption: $\alpha_W = 0.55$ sound absorption class D Backed with 30mm glass wool: $\alpha_W = 0.60$ sound absorption class C	1200 x 2000 x 12.5mm Perforated area: 9.5% Weight: 9.1kg/m² Includes VoglJoint system kit	60.0 m² / pallet 25 boards / pallet
	VF 12/20/35R	Acoustic design panel VF 12/20/35R Acoustic fleece, black Rated sound absorption: $\alpha_W = 0.55$ sound absorption class D Backed with 30mm glass wool: $\alpha_W = 0.60$ sound absorption class C	1200 x 2000 x 12.5mm Perforated area: 11.0% Weight: 8.9kg/m² Includes VoglJoint system kit	60.0 m² / pallet 25 boards / pallet
	VF 5/82/14.4SL	Acoustic design panel VF 5/82/14.4L Acoustic fleece, black Rated sound absorption: $\alpha_W = 0.70$ sound absorption class C Backed with 30mm glass wool: $\alpha_W = 0.85$ sound absorption class B	1186 x 1984 x 12.5mm Perforated area: 21.5% Weight: 7.9kg/m² Includes VoglJoint system kit	58.8 m² / pallet 25 boards / pallet
