TOTAL COVER

Wattyl I.D Advanced is a high performance, ultra-premium paint, delivering new levels of protection and durability. Its Total Cover technology offers exceptional covering power, advanced washability and stain resistance, with a low VOC formula beneficial for indoor air quality.

2 COAT COVERAGE*
Uniquely formulated to achieve complete coverage in fewer coats.

SMOOTH AND UNIFORM FINISH
Smooth application and excellent flow and levelling for a uniform finish.

EASY CLEAN STAIN RESISTANT
Advanced cleanability and washability to leave walls looking clean and like new for longer.

LOW VOC LOW ODOUR
A low VOC formulation is beneficial for indoor air quality.

*When applied at nominated spreading rate with correct application technique

APAS Tests and certifies paints and coatings to ensure they meet stringent performance specifications.
