

SUPER FAST SUPER EASY

VELOCITY® – LIKE NO OTHER!

Save time and effort with Velocity

SUPER FAST installation means Velocity can be mounted to a door, up to three times faster than traditional door furniture. Sets are supplied pre-assembled, which means fiddling with loose screws and spindles are a thing of the past. Screws align through the rose, removing the need to locate them blindly through the door.

A simple twist, quick tighten of screws and the levers are installed! Increase your efficiency – use Velocity on your next project.

Velocity® Door Furniture

Application

- The Velocity series is a stylish range of door furniture suitable for use in residential dwellings. Designed to suit the common door preparations in the Australian market, Velocity is ideal for both new and retrofit applications.
- The Velocity series includes passage sets for connecting doors, privacy sets for bathroom and toilet doors and dummy half sets for use on cupboard and wardrobe doors where a consistent styling is desired.

Features and Benefits

- All fixings are concealed beneath removable rose trim providing a crisp and clean presentation desired by the discerning home owner.
- Simple twist and tighten fixing method and lever set pre-assembly allows for super easy and super fast installation.

Latches

Passage sets are available both with and without a 60mm backset tubular latch.

Privacy sets are supplied with a 60mm backset privacy latch which includes an activating pin for the inside of the door and an external emergency release function. The latch automatically releases when the internal handle is operated and is easily adapted for both open in and open out applications.

All latches are supplied with industry standard "D" strikes.

Rose Dimensions

63mm by 12.5mm

Door Thickness

Hinged doors 32mm to 45mm

Standard Finishes
