

Breaking Ground

Carpets Inter[®]

Breaking Ground

“The Breaking Ground Collection features two styles that offer high performance, functional aesthetics and great value. Mesa, inspired by sedimentary rock strata, is an organic texture suitable for most commercial interiors. Flatlands, named for the vast plains that cover much of the Earth, is an overall texture that is ideal for a monolithic look on the floor. Mesa and Flatlands can be used independently or as coordinates to landscape any floor.”

*Designed and engineered for performance by
the CI Design and Product Development team.*

As demonstrated here, Mesa and Flatlands colors coordinate to facilitate wayfinding and creative floor installations.

Mesa

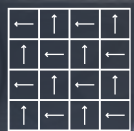

Tile Size 25 x 100 cm.

Random Vertical Brick

Flatlands

Tile Size 50 x 50 cm.
