walling built better

## Walling from basement to penthouse

35 Primrose Street, Sherwood Qld 4075

### A showcase project shows how it's done

The Indigo Building Group will not trade quality for speed (or anything else) but they are also focussed on efficiency so they choose AFS walling systems time and again. Renowned for projects that are above and beyond 'regular', Indigo instantly recognise suppliers that can help them deliver 'exceptional'.

### Our customer says: 'A floor per day'

Aside from their inherent quality, afs logicwall® and afs rediwall® systems offer incomparable ease and speed of construction. Indeed, logicwall® let us achieve a floor per day. Primrose35 was our third development using AFS walling solutions—we are already underway on our fourth.

DAVID HUNT, DIRECTOR, INDIGO BUILDING GROUP

12 Units  
+ penthouse

5 Storeys  
+ basement
