TSL 1100 BCA STEPLIFT

TSL 1100 BCA Steplift

Practical: provides BCA compliant wheelchair access to both commercial and domestic buildings.

Easy to use: convenient easy press controls with upper landing, lower landing and car controls on both sides of the platform.

Easy installation: self contained unit is suitable for mounting on a flat 100mm concrete base and can be installed in less than a day.

Cost effective: often cheaper than a ramp and can be easily re-sited.

Reliable: battery back-up provides normal operation (up to 30 cycles) in case of power cut.

Low maintenance: annual servicing recommended. Maintenance contract available.

Safe: built in the UK to Australian standards AS1735.14 with all the safety features you would expect and more.

Versatile: The lift will travel up to 1000mm with upper gate interlocked protection. For both indoor and external use.

Unobtrusive: Quiet and smooth operation.
