

Sanialarm® Interlock

The Sanialarm® Interlock has 3 functions, whereby it sets off an audible alarm in the event of a high level issue and simultaneously shuts off incoming water supply to prevent flooding whilst cutting the power supply to the dishwasher or washing machine.

WHY CHOOSE THIS PRODUCT?

- Helps protect against flooding
- Audible and visual alarm
- Power interlock for dishwasher or washing machine
- Easy and quick plug and play installation, no electrician required
- Suitable for new and existing Saniflo installations

Kit comes complete with magnetic float switch and one low voltage solenoid with pre wired plugs (additional solenoid purchased separately)
