Virtually Invisible Seams	no	no	yes
Insect Resistant	no	yes	yes
Inhibits Mould	no	no	yes
Deadens Outside Noises	no	yes	yes
Will not Support Combustion	no	yes	yes
Complete Trim System	yes	no	yes

** The wind load data was calculated from negative wind pressure values, derived from wind tunnel testing using standard application techniques. the relationship between negative wind pressure and kilometres per hour is theoretical, industry-accepted calculation performed by an accredited lab. Values can be greatly enhanced by increasing nail head sizes or adding washers.

TRIMS ACCESSORIES & SOFFIT

You can complete your EAVE & GABLE ENDS with matching or contrasting trims and accessories to create a virtually maintenance-free exterior! To see a complete selection of available products, visit our website at

www.mittenvinyl.com.au
