

ASPECTA™
FIVE

A NEW DIMENSION IN FLOORING

A large, vibrant yellow floral graphic, resembling a hydrangea, is positioned in the upper left and right corners of the page, partially overlapping the text and the central frame.

EXPERIENCE
TECHNOLOGY

ASPECTA™ FIVE stands for innovation and performance. We use the finest materials and groundbreaking technology in LVT, results of years of experience in the business. Our research and development focusses on creating greater ease of use. We assist architects and installers by enabling them to work smarter and more efficiently. This collection consists of a wide selection of attractive tiles and planks, each featuring perfect surface technology. Combined, they open up new dimensions in object design.

ASPECTA™ offers a wide range of embossing textures, large planks for unparalleled realism, and our exclusive herringbones to create phenomenal patterned floors.

Decorative high-resolution print films convey the beauty of natural wood and stone with realistic details. They emphasize abstract patterns with impressive clarity and create truly iconic and enduring spaces that outperform all others.

ASPECTA™ FIVE DRYBACK floor:

Wear layer: 0.028" / 0.7mm | Thickness: 0.126" / 3.2mm | Available in 64 colors

Consisting of multiple pressed layers of vinyl, ASPECTA™ FIVE guarantees flexibility while also maintaining dimensional stability.

ASPECTA™ FIVE is recommended for Healthcare, Education, Hospitality, Retail and Corporate environments. Because of its configuration, it is especially recommended for hotels, schools, offices and renovation projects.

A decorative border at the bottom of the central frame, consisting of a row of small, colorful triangles in shades of purple, blue, green, yellow, and red.

INNOVATION
PERFORMANCE

A NEW DIMENSION IN FLOORING

Innovation in flooring is in our foundation. We strive to deliver outstanding performance in all that we do and to accomplish the best quality and designs within the LVT category. Every time. ASPECTA™ FIVE is a groundbreaking product at the highest level of innovation. Years of experience and expertise are ready to assist you, your clients and your vision in order to achieve cutting-edge results in LVT flooring.

WOODS

A RANGE OF 45 PLANKS

STONE

A RANGE OF 19 TILES

WOODS NATURE AS A TEMPLATE

Whenever design requirements equal quality demands, ASPECTA™ FIVE wood decors come into play. High-resolution prints and intricate surface embossings are the starting point for these strikingly natural optics. They also leave room for entirely new interpretations of wood, each a novelty, surprisingly new every time.

With its diverse details, texture depth and hand scraped surface, Beaumont Hickory stands for a highly classic wood floor. The designs characteristic features make it a rustic and modern interior design favorite.

Size: 9" x 60" / 228.6mm x 1524mm

BEAUMONT HICKORY

BLAIR CHERRY

Cherry, the American "fruit wood", is a standard for furniture and flooring with its rich wine colors and subtle graining. The wood's rich heritage gives the classic Cherry a regal quality, but Blair Cherry favors a more modern design with a smoother grain and classic colors.

Size: 4" x 36" / 101.6mm x 914.4mm
Edge-Detail: Square
Emboss: Light Wood Tick

BLAIR CHERRY - COLOR: NATURAL - PATTERN# 5146105

BLAIR CHERRY - COLOR: COFFEE - PATTERN# 5146108

Depending on the species, soil composition and other influencing factors on its growth, oak trees develop the most diverse color range. Oak's wood graining varies from deep and dramatic to linear and abstract. Contemporary Oak represents a very clean and light wood, authentic in all stain shades.

Size: 4" x 36" / 101.6mm x 914.4mm
Edge-Detail: Square
Emboss: Barnside

CONTEMPORARY OAK - COLOR: NATURAL - PATTERN# 5115106

CONTEMPORARY OAK - COLOR: CARAMEL - PATTERN# 5115103

CONTEMPORARY OAK - COLOR: NUTMEG - PATTERN# 5115104

CONTEMPORARY OAK

MASON OAK

Mason Oak's expressive surface texture reveals not only the traces of European handcraft tradition but also woods' history as part of a structure. Regardless of whether it is presented in subtle grey or in combination with other natural wood tones, Mason Oak always conveys a feeling of familiarity and comfort.

Size: 7.25" x 48" / 184.15mm x 1219.2mm
Edge-Detail: Micro Bevel
Emboss: In-Register

MASON OAK - COLOR: MIST - PATTERN# 5383103

MASON OAK - COLOR: SEA - PATTERN# 5383105

MASON OAK - COLOR: PUMICE - PATTERN# 5383104

Even though elm is usually expected to grow a rather punchy wood, Melbourne Elm's grain is astonishingly uncomplicated. Featuring clean lines, its color design holds entirely true to the classic interpretation of this timber; a superb and flexible collaborator that perfectly integrates into all design concepts.

Size: 7.25" x 48" / 184.15mm x 1219.2mm
Edge-Detail: Micro Bevel
Emboss: Barnside

MELBOURNE ELM - COLOR: AUTUMN - PATTERN# 5362108

MELBOURNE ELM - COLOR: AMARETTO - PATTERN# 5362112

MELBOURNE ELM

Such impeccable wood planks can only be harvested from very old, slow growing trees. This decor blends exquisitely into any interior design concept and allows for the luxuries of minimalist arrangements of space. The planks are very adaptable and versatile and thus compatible with a wide range of contract settings.

Size: 9" x 60" / 228.6mm x 1524mm
Edge-Detail: Micro Bevel
Emboss: Barnside

*SEE PAGE 32 FOR MORE INFORMATION ABOUT THE HERRINGBONE SIZE

The wood's original voice still lingers. And yet, this material has lived through many transformations. In some parts, layers of varnish and paint blend into one, in others the original surface shines through. Somewhat familiar, yet foreign and abstract, this decor is the perfect fit for retail, hospitality, the food service industry and office spaces.

Size: 7.25" x 48" / 184.15mm x 1219.2mm
Edge-Detail: Micro Bevel

SUMMER PINE - COLOR: SMOKE - PATTERN# 5382105

SUMMER PINE - COLOR: EMBER - PATTERN# 5382102

Undeniably European in character, the deep color and classic look is captured through the fuming process - where the wooden planks are treated in a rarefied atmosphere of ammonia or tin to alter the tannins in the wood and change the plank's natural color. A translucent wash brings out the rich graining to create that unmistakable look.

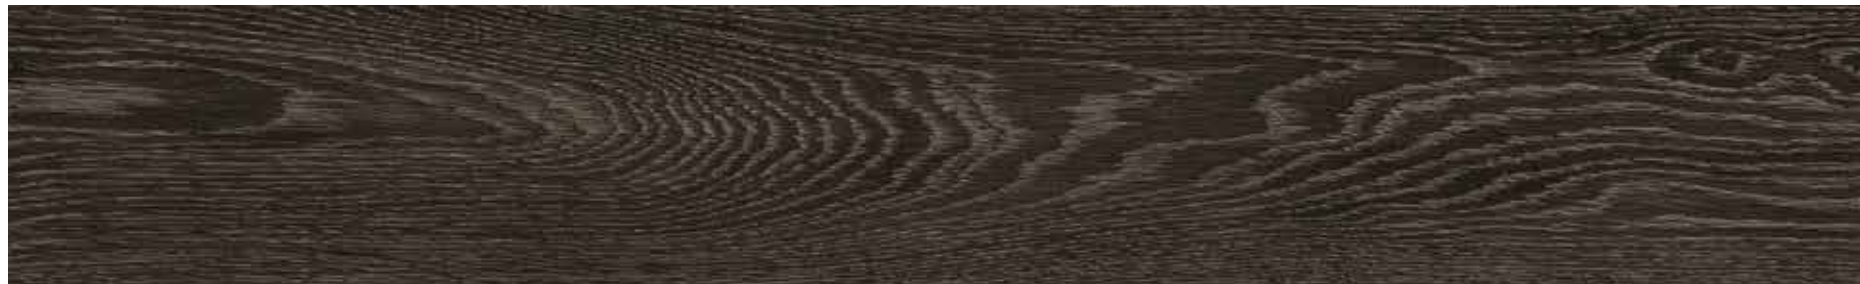

Size: 7.25" x 48" / 184.15mm x 1219.2mm
Edge-Detail: Micro Bevel
Emboss: In-Register

OVERVIEW WOODS

With a total of 9 wood decors and 45 colors, ASPECTA™ FIVE reflects a wide spectrum of design and color trends in architecture from around the world. Six different surface embossings, three of which feature synchronous coinage, highlight the character of each wood type. Emphasizing intricacies in the print film yields authentic decors, one seemingly more natural than the other.

STONE A JOURNEY THROUGH TIME

A perfect mix of stone decors communicates contemporary trends as well as conceptions of modern design. The collection serves each area of application and every trend in interior decoration with diverse options, allowing the creation of modern and sustainable spaces that stand out.

TURKISH MARBLE

Mighty forces of nature melted multiple sediment layers and formed this elegant banding pattern. High pressure and the varying depth and colors of the original soil, characterize the world's oldest marble reserves. It's what makes this noble stone so versatile and adaptable.

Size: 24" x 24" / 609.6mm x 609.6mm
Edge-Detail: Micro Bevel
Emboss: Rough Concrete

TECHNICAL DETAILS

ASPECTA™ FIVE planks and tiles are available in seven sizes:

PLANKS

TILES

EMBOSS

Discover ASPECTA™ FIVE's beautiful collection of in-register and specially designed wood embosses.

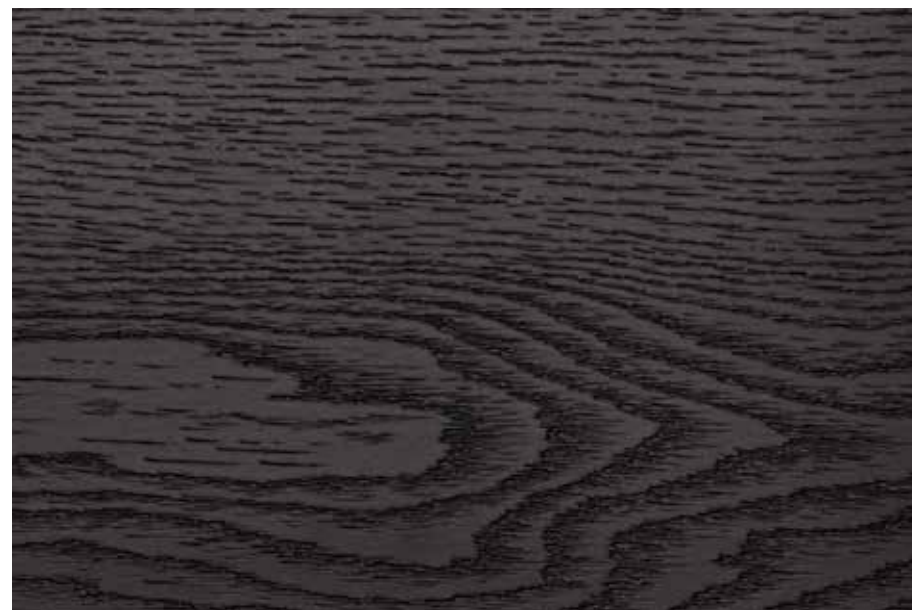

IN-REGISTER LITHIC STONE - The interconnection and blending of highly diverse stone layers in color rendered the fine and smooth surface of IRE Lithic Stone.

IN-REGISTER MASON OAK - The surface texture in IRE Mason Oak reveals remnants of traditional European craftsmanship, but also the perennial history of wood as part of a structure.

IN-REGISTER SUMMER PINE - Pronunciations from age and wear mark this recycled softwood floor, concurrently bestowing its surface with an elegant patina.

IN-REGISTER TREATED OAK - Traditional tanner's craft carved out the typical structure of hardwood in this European Oak. The process revealed its impressive speck, now free to subtly dominate the embossing.

HAND SCRAPED - These hand scraped hall planks personify tradition and authenticity. Especially untreated timbers benefit from the charm distinctive of the unevenness of manual labor and the traces it left on this surface.

LIGHT WOOD TICK - Unpretentious and reduced to the essentials, Light Wood Tick depicts the spartan strokes of classic wood surfaces.

ROUGH CONCRETE - The intricacies of this porous and unpolished modern embossing perfectly mirror the industrial charm untreated concrete has on any design space.

BARNSIDE - The relief-like surface image of Barnside reflects natural aged wooden planks and gives rustic wood interiors a truly authentic finish.

EMBOSS

Discover ASPECTA™ FIVE's beautiful collection of in-register and specially designed wood embosses.

PEBBLE - Rough, authentic natural stone treated with modern flame and brushing techniques renders this smooth and relief-like surface structure.

ANTIQUED - This wood surface lived through many transformations. Layers of paint, treatment with tools and years of use have left their mark.

ASPECTA™-THE TRANSPARENCY LEADER

ASPECTA™ and its commitment to transparency are a force of positive disruption in the global LVT-flooring market. There are no communication barriers between you and us. We openly declare product ingredients. We tell you where our products are made. We provide policies and metrics on factory worker diversity, equity, and benefits. We measure the products' impact on the environment over its life cycle and communicate openly about it. We voluntarily provide this information with labels attached to our products, on the ASPECTA™ website and in sustainability databases. We encourage others to participate in the conversation. We are the transparency leader.

Mindful MATERIALS

We proudly support the global mindful MATERIALS database, a design industry initiative powered by ORIGIN.build. Customers can search for products and filter by specific attributes, easily locating products that meet their project needs.

HPD (Health Product Declaration)

ASPECTA™ ONE, ASPECTA™ FIVE and ASPECTA™ TEN products carry a voluntary Health Product Declarations (HPD) Open Standard label, which contains product ingredients and associated health information.

Indoor Air Certification

ASPECTA™ fulfills the VOC emissions European criteria by world market leader Eurofins. The same organization also awarded ASPECTA™ the best-in-class low emissions certificate: Indoor Air Comfort GOLD.

EPD (Environmental Product Declaration)

A life cycle assessment (LCA) has been completed for ASPECTA™ ONE, ASPECTA™ FIVE and ASPECTA™ TEN products. Additionally Environmental Product Declarations (EPDs) have been completed. EPDs are based on an international reporting standard and measure a products' environmental impact across its life cycle.

JUST Label

ASPECTA™ is the first company in the world to obtain a JUST label, a voluntary transparency tool, for an Asian factory. JUST provides assurance that we are paying attention to what matters most: social factors such as diversity, equity, and safety. Created by the International Living Future Institute (ILFI), JUST is the beginning of a new era in transparency, and ASPECTA™ is leading the way.

Declare Label

We declare each and every ingredient in the ASPECTA™ ONE, ASPECTA™ FIVE and ASPECTA™ TEN product lines. Declare Labels, created by the International Living Future Institute (ILFI) are clear and informative „nutrition labels“ for building products. As a leader in global transparency, ASPECTA™ is the first to translate these labels into six European languages with a seventh, Mandarin, in the works.

NORTH AMERICAN STANDARDS - MANUFACTURING & USAGE (ASTM F1700)			
Standard	Description	Requirements	Results
ASTM F1700	Classification	Refer to Standard	Class III, Type B
ASTM F386	Thickness	Tolerance: ±0.005" vs. Nominal	Passes Requirements
ASTM F410	Wear Layer Thickness	Commercial: ≥0.020" (0.5mm)	Passes Requirements
ASTM F2055	Size & Squareness	Size, Tolerance: ±0.016"/Linear Foot vs. Nominal Squareness: ≤0.010"	Passes Requirements
ASTM F1914	Residual Indentation	Average <8%; Maximum ≤10%	Surpasses Requirements
ASTM F137	Flexibility	No cracks/breaks (1"/25.4mm Mandrel)	Surpasses Requirements
ASTM F2199	Dimensional Stability	≤0.020"/Linear Foot	Surpasses Requirements
ASTM F925	Chemical Resistance	No more than "Slight Change"	Surpasses Requirements
ASTM F1514	Resistance to Heat	Average ΔE < 8.0	Surpasses Requirements
ASTM F1515	Resistance to Light	Average ΔE < 8.0	Surpasses Requirements

NORTH AMERICAN STANDARDS - SAFETY & PERFORMANCE			
Standard	Description	Requirements	Results
ASTM E648	Critical Radiant Flux (Radiant Panel)	Per IBC ² 2018 & NFPA ³ 101 Life Safety Code: Class I: ≥ 0.45 W/Sq.cm.	Passes Requirements
ASTM E662 ⁴	Smoke Density	Flaming & Non-Flaming ≤ 450	Passes Requirements
CAN/ULC S102.2 ⁵	Surface Burning Characteristics, Canada	Use dependent	Flame Spread Rating (FSR): ≤45 Smoke Developed Classification (SDC): ≤250
CDPH/EHLB/Standard Method v1.2	VOCs/TVOCs, Formaldehyde	Refer to Standard	Passes Requirements
ASTM F963	Heavy Metals	Refer to Standard	Passes Requirements
ASTM D7823 / CPSC-CH-C1001-09.3	Phthalates	Refer to Consumer Product Safety Improvement Act (CPSIA)	Passes Requirements
ASTM D2047	Coefficient of Friction / Slip Resistance	N/A (No Official Requirements)	≥0.6 (Dry)
ASTM F970	Static Load	±0.005", 250psi	Passes Requirements
SIM Test	Static Load Limit	Test to Limit (±0.005")	≥1.000psi
ANSI ESD STM97.2	Body Voltage	N/A (No Official Requirements)	Average (Abs): ≤2.0kV

NORTH AMERICAN STANDARDS - SOUND					
Standard	Description	Product(s) Tested	Assembly	IBC ² Requirements	Results
ASTM E90 & ASTM E413	Airborne Sound Transmission Loss of Building Partitions and Elements (STC / Sound Transmission Class)	ASPECTA™ FIVE + Prevail GDP	6" Concrete Slab	STC ≥ 50	STC 51 (Surpasses Requirements)
			6" Concrete Slab + Drop-Ceiling	STC ≥ 50	STC 61 (Surpasses Requirements)
ASTM E492 & ASTM E989	Impact Sound Transmission Through Floor-Ceiling Assemblies (IIC / Impact Insulation Class)	ASPECTA™ FIVE + Prevail GDP	6" Concrete Slab	IIC ≥ 50	IIC 50 (Passes Requirements)
			6" Concrete Slab + Drop-Ceiling	IIC ≥ 50	IIC 70 (Passes Requirements)
ASTM E492 & ASTM E2179	Effectiveness of Floor Coverings in Reducing Impact Sound Transmission (ΔIIC / ΔImpact Insulation Class)	ASPECTA™ FIVE + Prevail GDP	6" Concrete Slab	N/A	ΔIIC 21
			ASPECTA™ FIVE	6" Concrete Slab	N/A

The manufacturing facility is ISO 9001 (Quality Management System) and ISO 14001 (Environmental Management System) certified.

FOOTNOTES

1) **ASPECTA™ FIVE Limited Commercial Warranty:** Please see full terms and conditions of our warranties at www.aspecta flooring.com.

2) **IBC:** International Building Code

3) **NFPA:** National Fire Protection Association

4) **ASTM E662 (Smoke Density):** 450 is the limit established by many state, county, and/or local building and/or fire codes, but is not set as a limit for (resilient) flooring products nationwide. Thus, Smoke Density requirements for flooring products may vary from jurisdiction to jurisdiction. Consult your building inspector / fire marshal to learn more.

5) **CAN/ULC S102.2 (Surface Burning Characteristics, Canada):** Results obtained when installed with Prevail® 4000 2-Part Epoxy Adhesive or with Prevail® 6000 PSA (Pressure Sensitive Adhesive).
