# KARA

## RANGE

Available in a range of colours including Chrome, Matte Black, Brushed nickel, Brushed Gold and Gun Metal Grey, the Kara range of tapware combines the separate hot and cold water tap design of old with a stylish, contemporary look that is right on trend.

The result is a unique blend of old meets new that is sure to add a designer touch to any space.

Like all of our tapware, the Kara range carries a water saving feature to minimise water wastage. It also has the "quarter turn" function, setting it apart from some of the older designs, and comes with the reputable brand of Neoperl aerators.
