

WALL-FACED WC PAN FOR THE DISABLED WITH S- OR P-TRAP OUTLET FRONT OR REAR FIXED

RBA8851-428 Wall-Faced Disabled WC Pan
[ORDER SEAT SEPARATELY]

Materials & Features

Unit may be front or rear fixed. Wall-Faced WC Pan is manufactured from heavy-gauge, type 304 stainless steel. External surface is satin finish. Internal bowl surface is a unique matt satin ultra-smooth finish that is hygienic, easy to clean and resistant to scale build-up. The integral seat is bright polished for hygiene and comfort. Laser-cut, flush-fitting access panels are incorporated in both sides of the unit and held in position by security screws.

Trap: Seamless one-piece smooth bore trap with radiused bends. Formed with a minimum 50mm deep water seal

Outlet: 100mm overall P-Trap outlet suitable for a standard pan collar. Alternatively, it may be converted to floor outlet [S-Trap], which will seal inside standard 100mm piping.

Inlet: Back inlet, 55mm internal diameter water inlet socket, to accept standard key seal [key seal supplied by others]

Fixings: Furnished with concealed floor-fixing plate and 4 x M12x250mm fixing rods for rear fixing. If front fixing is required, front fixing bolts and anchors to be supplied by others. To order tool to suit security screws, quote model # A111-99.

Seat: Unit has integral seat. Hinged seat is not included.

Options: For hinged seat options, please contact RBA Group.

Performance Standards

Unit has WATERMARK certification from Standards Australia.

Designers Note:

RBA product is disabled compliant if it is installed to meet the requirements stipulated in the AS1428.1-2009.

Installation

Unit may be front or rear fixed. Ensure wall construction is capable of supporting the unit. Unit is fixed to floor with concealed S-clip [fixings for S-clip by others] and fixed to wall with 4 fixing rods through 4 fixing holes [2 on either side of the internal frame]. Suitable for installing with a concealed duct mounted cistern or flush valve [see RBA Group Flush Valve Catalog]. Installation for either rear or front fixing must be in accordance with the requirements of Disabled Code.

Important: Installation instructions and current rough-in details should be furnished with each fixture. Do not rough in without certified dimensions. Dimensions are subject to manufacturer's tolerance of +/-10mm.

As improvements in the design and performance of RBA products are continuous, specifications may be subject to change without notice.
