

# INT - 1.15 HCH 43 00 SA

## INTERNAL MANUAL ROLLER SYSTEMS

CHAIN OPERATED

### APPLICATION HCH 43 00 SA

The HCH 43 00 SA manual chain operated system is an extremely versatile system suitable for small to medium sized windows. The system is also able to accommodate the linking of up to three blinds off one chain control. The system also allows for a spring to be used for ease of operation. Top fix and face fix dual brackets are also available for this reliable and easy to install system\*. This versatility makes the system ideal for applications that have a variety of window sizes on one location, allowing a common solution. The HCH 43 00 SA system comes with Helioscreen's 3-year warranty.

\* See section INT-1.41 for dual bracket dimensions.
