KNOX Private Hospital	Wantirna	VIC
Broome Hospital	Broome	WA

## FEATURE PROJECT

### Bariatric Unit, Gold Coast University Hospital

When the design brief called for (1) Bariatric suitable toilets with the heaviest load rating available combined with a (2) non-institutional aesthetic, it was a perfect match for RBA's big double: the RBA8851-137 Bariatric WC coupled with the RBA8186-153 Big John Toilet Seat. The toilet features white enviro-glaze for aesthetics and larger footprint to avoid 'shearing' when the patient shifts weight from one side to another.
