Beautiful, durable and affordable. Kronotex combines the ingenuity of German engineering with the beauty of timber to deliver stunning, hard wearing laminates that mirror the splendour of solid wood floors.

NEW: SELECTED DECORS NOW WITH MOISTURE PROTECTION

Select colours from the MAMMUT and MAMMUT PLUS collections have been optimised to withstand moisture penetration for even longer. The resin-rich pine from Germany and special gluing process ensure significantly reduced swelling of the laminate flooring. Furthermore, both ranges boast an AC5 abrasion rating and a Use Class of 33, meaning they are so sturdy they will maintain their beauty even in heavy-traffic commercial spaces. This robustness makes them the perfect choice for busy Australian homes.

Kronotex decors with moisture protection are forgiving to liquid accidents making them a stress-free choice for households with children and pets.

Traditionally, laminate floors could only be cleaned with a slightly damp wipe. Now, floors with moisture protection can be easily cleaned with a damp mop.

Like all wood-based products, this laminate flooring will react to excessive moisture by expanding or contracting accordingly. Although designed for improved resistance to water and moisture, it is not waterproof and excessive wetting and standing water should be avoided.

Suitable for kitchens, entrance areas and spaces where laminate flooring is traditionally installed including bedrooms and living rooms.

Not suitable for outdoor areas or rooms with a permanently high moisture load such as bathrooms, shower cubicles, saunas and rooms with floor drains.

MAMMUT

Luxury is the motto of MAMMUT. Boasting 12mm thick boards, MAMMUT feels and sounds so solid underfoot it is indistinguishable from hardwood floors.

USE CLASS 33 | AC5
BOX 4 boards | 1.387m²
PALLET 56 boxes | 77.697m²

MAMMUT PLUS

Dramatic dimensions define MAMMUT PLUS, an exciting and premium range of laminate flooring featuring planks that are both extra wide and extra-long.

USE CLASS 33 | AC5
BOX 4 boards | 1.800m²
PALLET 42 boxes | 75.600m²

CHARACTERISTICS

Kronotex floors are low-maintenance and hard-wearing.

Kronotex floors are flame resistant.

Kronotex floors are abrasion and scratch resistant.

Kronotex floors are non-fading and retain their brilliance over many years.

Kronotex floors are rugged, load and impact-resistant.

Kronotex floors are stain-resistant.

Kronotex floors are produced from natural sustainable raw materials.

Kronotex floors are comfortable underfoot.

INDIVIDUAL FEATURES

These boards are especially wide.

These boards are extra long.

These boards have a special surface structure.

Antistatic

A 5G snap-together system makes the flooring even easier to install.

Simple to lay. Safe and stable, you can walk on them right away.

A matt finish to replicate the appearance of timber.

Micro bevel edges produce a natural solid wood character.

STRUCTURES

RE / Registered Emboss

A textured surface layer matches perfectly with the pattern of the grain beneath it to create a beautifully realistic surface that is difficult to distinguish from hardwood floors.
