The Next Generation

In 2010 QEP Australia introduced ProTile – the next generation of carpet tiles. ProTile has become one of the influential players within the flooring industry, as we endeavor to meet the market's needs, keeping our range modern, contemporary and stylish.

Easy and Versatile

The comfort of carpet with the convenience of individual tiles. Replacing damaged areas is easy and practical.

EcoTX™ Backing*

A revolutionary glue-free backing system that ensures premium comfort even in high traffic environments. Its manufacturing process ensures dimensional stability, while not being rigid and uses post-consumer waste, making it the perfect solution for the environmentally conscious.

Durability

Manufactured from 100% solution dyed nylon fibre and treated with 3M "Stain Resist" we guarantee durability and performance in the heaviest traffic commercial areas.
