A TIME-SAVING, MONEY-SAVING DIGITAL INNOVATION FOR;

Building Contractors | Project Developers | Renovation Contractors
Real Estate Agents | Property Managers | Architects and Designers

HouseLab's Digital Handover Kits solve problems for you on every residential handover you make.

SIMPLE

As homes are becoming more complex, so too are handover requirements.

- Solve many handover problems before they start.
- Organise files of plans, permits, manuals, warranties and so much more.
- Easy to set up and use, permanent, easy to modify and download.
- Defect management and periodic maintenance is included.

SMART

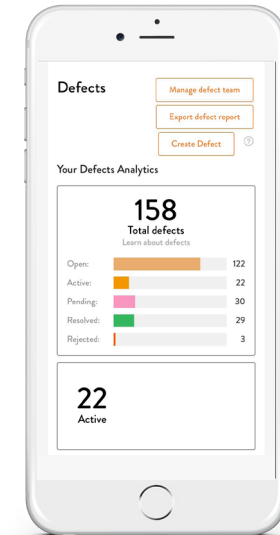

Home buyers or property managers will always appreciate your switch to HouseLab's Digital Handover Kits.

- Owners have instant access to vital details about materials, fittings and finishes.
- Provides owners with a permanent archive of warranty and contact information for appliances.
- And owners can readily update information to record renovations or additions.

SECURE

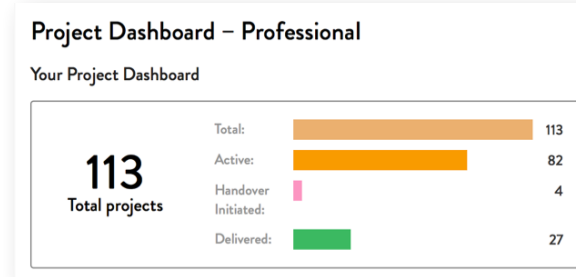

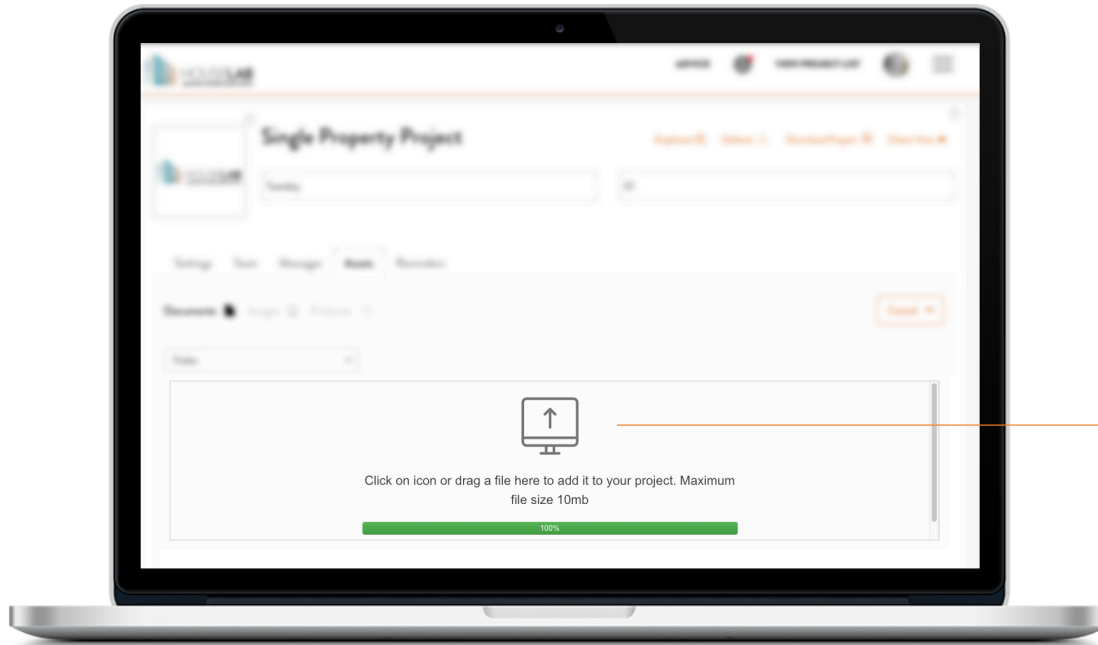

See how your firm can benefit by shifting from hard-copy files to HouseLab's Digital Handover Kits.

- Save time by accessing project information instantly from any device.
- Save money by avoiding duplicating and handling hard-copy records.
- Save worry as you know everyone has all the information they need.
- Create a corporate archive of every project you handle.
- Ongoing access is assured by Amazon Web Services – world's number one.

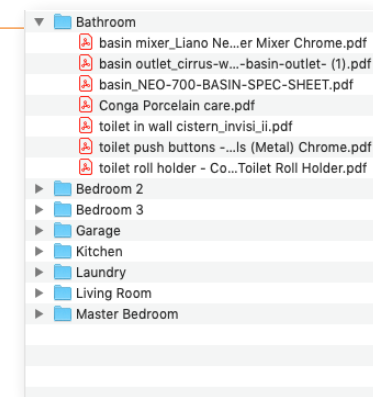

MANAGE DEFECTS ACROSS ONE OR MULTIPLE PROJECTS. ANALYTICS DASHBOARD FOR QUICK STATUS UPDATE.
