CURVED

Stannah

CURVED STAIRS Tailored to Your Needs

We have created a stairlift especially for curved stairs, the Solus curved stairlift.

Whatever type of curved staircase you have, Solus's superb flexibility ensures it will fit beautifully.

With its advanced engineering and striking looks with smart leather or woven upholstery, the Solus curved stairlift is a stunning way to enjoy true one level living and freedom in your home.

CURVED STAIRS Confidence & Convenience

Imagine the new lease of life and change of lifestyle, of one level living in your home. The Sofia stairlift can bring you this freedom, with confidence and convenience.

A new departure in curved stair style, custom designed for you with tailor-made features and options.

As the world's leading stairlift manufacturer, supplier and installer, we are proud to have helped improve the lifestyle of over a quarter of a million people worldwide. Your stairlift is expertly installed with full product support.

STRAIGHT

Stannah

STRAIGHT STAIRS Comfort with Control & Safety

With an easy to use swivel seat for stair top safety, your straight stair Solus makes for easy and effortless dismounting in complete safety.

Remote control allows you to call for the chair, whether you are at the top or the foot of the stairs.

The unique stairlift key, on the control pod, locks your Solus for added safety.

Special safety sensors come as standard, that respond to any stair obstruction, bringing your Solus to a safe and gentle stop.

STRAIGHT STAIRS Elegance & Discretion

Your straight stair Sofia blends unique classic looks with advanced engineering and high quality materials to fit effortlessly and beautifully into your home.

When not in use, folds flat, leaving a plentiful space for other stair users. One-step folding, your Sofia folds and unfolds in one smooth gliding motion.

The optional Sofia seat belt is easy to fasten. Getting off your Sofia at the top and bottom of the stairs is easy with the optional two-way automatic swivel feature.

With thoughtful design and sophisticated technology, the Solus and the Sofia stairlifts are the ultimate in modern stairlifts for all types of stairs, both straight and curved design.

Tailor-made to meet your needs, with smart colours and seat fabrics to blend in with your home's décor. With our expert installation and full product support, Solus and Sofia stairlifts will change your way of life and give you that one-level living experience.

Optional rail colours

COMMON FEATURES

Model shown:
Sofia for
curved stairs

1. One-step folding

Simply flip up the seat and the arms and footrest simultaneously fold flat leaving plentiful space for other stair users.

2. Control pod

Operated with a light touch, perfect for less nimble fingers. The key at end can be used for locking stairlift.

3. Removable link bars

Ensure easy wheelchair transfer.

4. Attractive upholstery

Available in leather, vinyl and woven fabrics in a range of colours to match your décor.

5. Safety edges

Five safety sensors around the Solus and Sofia base ensure it stops immediately if it meets an obstruction on your stairs.

6. Ergonomically designed chair

Uniquely styled, cushioned back, together with stylish seat for total comfort.

7. Adjustable arms

Means your stairlift can be fitted at installation to suit you. Comfortable, soft-touch arm tops.

8. Seatbelt

Optional easy-to-use seatbelt that can be fastened with one hand.

9. Easy-to-use swivel levers

Easy-to-use swivel levers or optional automatic two-way swivel seat let you get off your stairlift in the safest position at the top and bottom of your stairs.

10. Seat safety sensors

Ensures your stairlift can't move until you are safely seated.
