

ENVIRONMENTAL DATA SHEET

Aspecta™ is not just the name of an HMTX Industries company, but the essence of revolution in resilient flooring. As the leader in sustainability and transparency, we are engaging in collaborative partnerships that result in healthy, high-performing and biophilically-designed products. Disruptive intelligence dictates our culture. We are answering the need to educate, motivate, and encourage individuals to invest in a restorative ecosystem.

The future starts with all of us.

HEALTH PRODUCT DECLARATION® (HPD)	Available at aspecta flooring.com	PRE-CONSUMER RECYCLED CONTENT	None
DECLARE™ LABEL	Available at aspecta flooring.com	POST-CONSUMER RECYCLED CONTENT	None
JUST™ LABEL - MANUFACTURING SITE	Label #HMT-001 Available at aspecta flooring.com	STABILIZERS	No Red List Heavy Metals
FloorScore®	Certificate #SCS-FS-03808 Available at aspecta flooring.com	PHthalATES	Phthalate-Free
CALIFORNIA PROP 65	Compliant	FORMALDEHYDE	Formaldehyde-Free
CDPH v1.2 - 2017	Compliant	FLAME RETARDANTS	None
REACH SVHC	Compliant (REACH SVHC 191)	ANTIMICROBIAL CHEMICALS	None

PRODUCT SAFETY & TRANSPARENCY

Aspecta’s product testing program is remarkably stringent. Aspecta products are tested to the latest standards for Volatile Organic Compounds (VOCs), formaldehyde, phthalates, and heavy metals. In fact, the standards used for the testing of phthalates and heavy metals in Aspecta Five are the same standards used for the testing of children’s toys, setting a very high bar. Aspecta Five has surpassed that bar - and we welcome you to inspect our HPDs and Declare Labels to your satisfaction. Equally important is the fact that Aspecta Five is FloorScore certified, thus ensuring it meets strict standards for indoor air quality.

By selecting Aspecta, you have made the choice for safe and sustainable products. And isn’t that what we all want when it comes to products in our businesses and homes? Come join us at Aspecta and discover all of the possibilities of resilient flooring.

ENVIRONMENTAL DATA SHEET

THE WELL BUILDING STANDARD v2 - POTENTIAL CONTRIBUTIONS TOWARDS CERTIFICATION

CONCEPT	FEATURE	PART	COMMENTS
Materials	X01 - Fundamental Material Precautions	1(c): Restrict Asbestos	Aspecta Five does not contain asbestos and thus complies with this prerequisite for resilient floor coverings.
		3(b): Restrict Lead	Aspecta Five includes a finish (coating) that is lead-free and thus complies with this prerequisite for surface coatings.
	X10 - Volatile Compound Reduction	1(a): Manage Volatile Organic Compounds	No flame retardants (halogenated or otherwise) are added to Aspecta Five during the manufacturing process.
		2(a): Manage Semi-Volatile Organic Compounds (SVOCs)	Aspecta Five is made with DOTP (Diethyl Terephthalate), a non-phthalate plasticizer.
	X11 - Long-Term Emission Control	2(a): Manage Flooring and Insulation Emissions	Aspecta Five is FloorScore Certified and thus meets the requirements of CDPH Standard Method v1.2-2017.
	X12 - Short-Term Emission Control	1(a): Manage Product Emissions: Adhesives, Sealants, Paints, and Coatings	All Prevail® adhesives recommended for use with Aspecta Five are FloorScore Certified and thus meet the requirements of CDPH Standard Method v1.2-2017.
X14 - Material Transparency	1(a)(b): Promote Ingredient Disclosure - Material Information	Material ingredients for Aspecta Five have been disclosed in the form of a Declare Label and a Health Product Declaration (HPD).	

LEED v4.1 - POTENTIAL CONTRIBUTIONS TOWARDS CERTIFICATION

CATEGORY	PREREQ/CREDIT	DESCRIPTION	COMMENTS
Material & Resources	MR Prerequisite	Construction & Demolition Waste Management Planning	Aspecta Five flooring products fall under the REVISE (Reclamation) Program, which is designed to aid architects, designers, and builders in preparation of their construction waste management plan.
	MR Credit	Building Product Disclosure and Optimization - Sourcing of Raw Materials (Recycled Content)	Prevail 6000 PSA, one of the adhesives recommended for use with Aspecta Five, has been certified by SCS Global Services as having at least 21% post-consumer recycled glass content (dry-weight basis).
	MR Credit	Building Product Disclosure and Optimization - Material Ingredients (Option 1)	Material ingredients for Aspecta Five have been disclosed in the form of a Declare Label and a Health Product Declaration (HPD).
	MR Credit	Construction & Demolition Waste Management (Option 1)	The REVISE (Reclamation) Program provides an avenue for the recycling of Aspecta Five flooring (scraps / unused product) during the construction process, thus diverting unused material from landfills.
Indoor Environmental Quality	EQ Credit	Low-Emitting Materials: Adhesives & Sealants	All Prevail adhesives recommended for use with Aspecta Five are FloorScore Certified.
		Low-Emitting Materials: Flooring	Aspecta Five is FloorScore Certified and thus meets the requirements of CDPH Standard Method v1.2-2017.
