

SUPRAMAT

WALL PROFILE

SUPRAMAT

It is now your turn to refresh with Serfloor's Supramat Wall Profile series and bring to life the architecture of your dreams. Achieve an impressive design that will defy the years using a simple interlocking system.

Give dimension to your home or commercial area and create dynamic spaces without restraints. Serfloor's Supramat Wall Profiles are applied with ease and support genuine architectural designs via a practical integrated click system.

Serfloor's Supramat Wall Profiles are made from the highest quality MDF and wrapped in vinyl, giving you a perfect finish. Suitable for internal use only, Serfloor's many Supramat Wall Profile colours will bring warmth and elegance to any room of your home or commercial space.

- No painting or sanding required
- Can be applied to most walls and ceilings
- Available in a wide range of colours
- Suitable for commercial and residential projects
- Low maintenance
- Quick & easy installation

COLOURS AVAILABLE

COLOUR AND PATTERN APPEARANCE

The appearance of colour and pattern can change in different lighting environments or when viewed on a screen or in a brochure. For this reason, we highly recommend you view a sample of the product you are interested in before making your final decision.

Just like real timber, the patterns in our products can have natural variations. If in doubt, please ask your local stockist for a larger sample of the product.

Colour and pattern trends do change and in order to continue supplying our customers with the latest colours and styles, products are sometimes withdrawn at short notice. If this happens, we will always do our best to help you find a colour and pattern you will love just as much.
