## SHC 10 & SHC 15: STIEBEL's mains pressure

- › Made in Germany with premium quality parts
- › Small footprint due to compact design
- › Suitable for 2+ fixture outlets
- › Point of use installation eliminates dead legs
- › Wall bracket allows for flexible installation
- › Power rating of 1.6 kW to plug into power point
- › Improved thermal insulation prevents heat loss for more energy savings
- › Available in two tank capacities: 10 and 15 litres
- › Choose any tap to install with SHC including low flow taps

# compact storage water heaters

With its compact modern design, the SHC water heater installs at the point of use and delivers hot water immediately. It eliminates dead legs and guarantees greater energy and water savings.

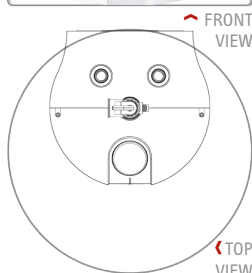

**Why store 25 litres if 10 are enough?**  
Compare the SHC 10 AU to a conventional 25 litre storage heater:

## › Installation areas

Ideal for isolated fixtures and any installations where hot water takes a long time to arrive at the outlet. Save time, water and energy with the SHC!

- › Kitchen sinks and basins
- › Alfresco/bar
- › Single kitchenette
- › Commercial factory sinks

## › Technical details

Model	SHC 10	SHC 15
Power rating	1.6 kW	
Rated current	6.5 Amp	
Rated voltage	230 V / plugs into GPO	
Electrical installation	As per AS/NZS3000	
Installation requirements	AS3500.4.2 & local requirements	
Capacity	10 Litres	15 Litres
Mixed water volume at 40°C from single draw off	15.3 Litres	23 Litres
Standby energy consumption (24 hours at 65°C)	0.5 kWh	0.53 kWh
Permissible operating pressure	600 kPa	
Temperature setting	60°C	
IP rating	IP 24 D	
Dimensions (H x W x D in mm)	498 x 280 x 270	523 x 320 x 318
Weight (filled with water)	17.2 kg	24.0 kg
Approvals	WaterMark Lic No. WMKA00301. AS3498	
Warranty (domestic)	7 y cylinder + 3 y parts & labour + 1 y PTR valve	

Quality doesn't happen by chance, it's a matter of design!

## WATER HEATERS

- › Energy efficient operation
- › Point of use installation for great savings
- › Never run out of hot water

## HEAT PUMPS & VENTILATION SYSTEMS

- › Engineered by Germany's market leader
- › Highly efficient, environmentally friendly
- › Ideal for low energy homes
- › Profit from generous Government rebates

## ROOM HEATERS & UNDER TILE HEATING

- › Compact and modern design
- › Variable temperature selection
- › Enjoy comfortable heat distribution

## HAND DRYERS

- › Made in Germany
- › Hygienic touch-free operation

## WATER FILTRATION SYSTEMS

- › Ultra filtration down to 0.01 micron
- › Easy under sink installation
- › Save money and enjoy great tasting water
