

DESIGN GUIDE

Wellington Architectural design guide is aimed to assist architects, builders and contractors to easily and cost-effectively tailor our timber panel range to suit your project.

TIMBER SELECTION

When selecting timber cladding panels an important consideration is the price of various timbers. Refer to the Timber Species Guide for timber species specifications and other available species.

PANEL SELECTION

The pricing for our timber panel range varies based on the complexity of the design and amount of timber required to produce each panel. Custom panel designs are also available.

FINISH SELECTION

Choosing the right finish involves selecting the desired look and determining the conditions the timber will be exposed to.

PANEL SIZE

Timber comes in all different sizes, however prices will generally rise as the panel length increases.
