tuflex
recycled
rubber tile

- > 27" x 27" Tuflex Recycled Rubber Tiles are manufactured at 3/8" gauge (square or interlocking edges) using a patented process of simultaneous vulcanization of two recycled rubber components into one solid product. Interlocking tiles are 27" x 27" nominal.
- > Contains 99% recycled content and may contribute to the LEED® Green Building Certification System. Post-consumer and post-industrial waste varies by product and color selection.
- > Safety – exceeds OSHA and ADA standards for excellent traction and durability.
- > Non-porous surface provides an excellent barrier to soil, spills, stains and odors.
- > Resilient anti-fatigue surface that is excellent for free weight/work-out machine applications as well as rinks and animal care clinics.
- > The flooring choice for professional sports facilities that house the NFL, NHL, MLB, and NBA. Combine custom logo capabilities and you have the most complete answer for your sports or commercial flooring needs.
