

CLOSE COUPLED SUITE WITH S- OR P-TRAP OUTLET FRONT FIXED

RBA8847-100 Close Coupled Suite
[ORDER SEAT SEPARATELY]

Materials & Features

Close Coupled Suite is manufactured from heavy-gauge, type 304 stainless steel. External surface is satin finish. Internal bowl surface is a unique matt satin ultra-smooth finish that is hygienic, easy to clean and resistant to scale build-up. The integral seat is bright polished for hygiene and comfort. Laser-cut, flush-fitting access panels are incorporated in both sides of the unit and held in position by security screws.

Trap: Seamless one-piece smooth bore trap with radiused bends. Formed with a minimum 50mm deep water seal.

Outlet: 100mm overall P-Trap outlet suitable for a standard pan collar. Alternatively, it may be converted to floor outlet [S-Trap], which will seal inside standard 100mm piping.

Flushing System: The Close Coupled Suite incorporates a 6/3 Litre cistern with concealed bottom inlet and bottom overflow connection fittings. The cistern cover is one-piece with a non-removable lid, making it highly vandal resistant.

For maintenance details consult separate Installation Instructions sheet.

Fixings: WC Pan is supplied with floor fixing plate [S-Clip]. Cistern cover is supplied with wall fixing plate [S Clip]. Front fixing bolts and anchors to be supplied by others.

Options: For hinged seat options, please contact RBA Group.

Performance Standards: Unit has WATERMARK certification from Standards Australia

Installation

Unit must be front fixed. Ensure wall construction is capable of supporting the unit. WC Pan is fixed to floor with concealed S Clip [fixings for S Clip by others] and fixed to wall with 4 fixing rods through 4 fixing holes [2 on either side of the internal frame]. Cistern cover is fixed to wall with concealed S Clip and integral mounting tags [fixings for S clip and mounting tags by others]

Important: Installation instructions and current rough-in details should be furnished with each fixture. Do not rough in without certified dimensions. Dimensions are subject to manufacturer's tolerance of +/-10mm.
