FYTOGREEN'S Pre - Grown Green Facade Units

Fytogreen are known as Australia's leading sustainable greening specialists, supplying the commercial and residential industry with unique greening solutions.

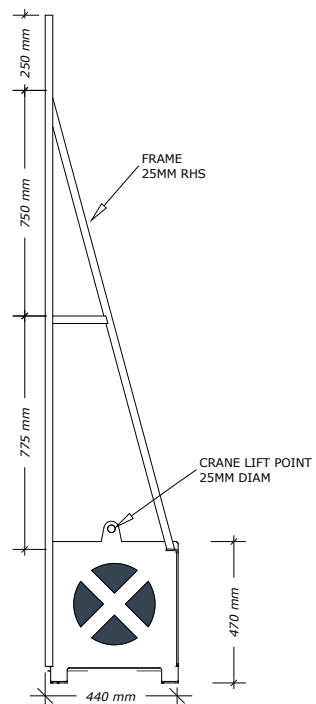

Fytogreen has introduced a range of pre-grown facade units, planted and well established with various flowering and non-flowering species for sale or hire.

These units can be utilized in numerous ways from event hire, temporary or permanent greening screens and dividers either on ground level or in an elevated position.
