

Findlay-Evans Waterproofing

## *Providing Solutions*

Waterproofing and Protective Coating Specialists

THE COMPLETE SOLUTION

Superior waterproof membrane and protective coating systems.

**Liquid  
Rubber**

# Our philosophy is simple.

To provide professional protective coatings and concrete repair services using superior products.

Insurance companies report waterproofing is usually less than 1% of building costs but water leaks and subsequent damage represent approx **80%** of building defects.

Repair and rehabilitation of aging and damaged concrete is a significant issue now and in the future.

## We provide:

- Structural Waterproofing
- Remedial Waterproofing
- Concrete Repair
- Crack Injection
- Environmentally Friendly Protective Coatings

With over 30 years in the construction industry both as a builder and waterproofer, F.E.W Waterproofing has the expertise and experience to provide application systems for your project.

## We are:
