Wilsonart® Laminate – AEON™ Enhanced Performance

**Improvement versus standard Wilsonart® Laminate

*Improvement versus the industry benchmark (NEMA LD 3-2005) for wear resistance

AEON™ Enhanced Performance technology is the perfect answer to the questions of what happens when cutting edge science meets every day needs.

Designed for those who desire more than just a standard wearing laminate AEON technology provides greater strength and improved clarity and colour for a laminate surface that looks brilliant and last longer.

Look for AEON™ Enhanced Performance on Wilsonart® HD® High Definition® and Wilsonart® Premium Laminates.

The new AEON™ Enhanced Performance process is not just a new coating or finish. It is a new way of making high pressure laminate that results in finer and more accurately layered aluminium oxide particles.

The result is a surface that is measurably clearer and stronger, a surface that looks better when new and looks new longer.

Wilsonart® Premium laminates and HD with AEON offer not only a higher level of appearance, but also a higher level of performance.

AEON Technology is available on the following Wilsonart® Laminate premium finishes.

- 01 High Gloss
- 07 Textured Gloss
- 12 Soft Grain
- 18 Linearity
- 52 Quarry
- 78 Fine Grain

Wilsonart®HD®High Definition® Laminate Optical Finish Effects

- 35 Mirage
- 45 Facet
- 55 Glaze
