ArGeTon terracotta façade

The ArGeTon Terracotta façade tile neatly combines proven technology with modern designs to present an unparalleled dateless façade system.

ArGeTon terracotta façade tile is now globally known and respected as the leading Terracotta façade tile with a long track record of superior quality and unrivaled appearance. With its entering to the German market in the early 1980's, ArGeTon has rapidly spread with wider branches into Europe, UK and now into Australia as a highly competitive product.
