

Legno Veneer was established as a subsidiary company of Stone & Design Co. P/L that has been specializing in stone products and finishes for the past 20 years. With solid foundation in building industry, extension to timber products was a natural progression to achieve the high quality interior finish in a broader spectrum.

Legno Veneer brings life into your project.

Enjoy the exquisite colour and pattern that only natural timber can create.

There is a true beauty that we all recognize when we see it.

The warmth and prestigious look of natural timber will transform every project to your satisfaction.

Legno – Timber veneer application limited only by one's imagination.

PRODUCTS

Legno Veneer offers a wide range of natural and reconstructed timber veneers in forms of panel that is pre-sanded on supply to minimize the work procedure.

Legno's unique timber veneers are produced in environmentally friendly procedures from all around the world.

Most of Legno Veneer ranges available in treatment of fire retardant, moisture and dirt repellent.

Natural Ranges

With an extensive range of wood species, each with its own distinct characteristics, it is only natural for veneers even with the same species to have some variation in colour, texture and grain. This inherent character is one of the most appealing aspects of timber that provides individuality.

Warranty on workmanship

Legno Veneer stands behind its products 100 per cent, as it does all of its own in-house pressing of the panels and doors, meaning you can rely on Legno Veneer to be in control of the whole process.

This facility allows us to provide warranty on our workmanship which applies to Legno Veneer pressed panels and doors and to the original purchase of Legno Veneer products.

Warranty: 3 months from the date of purchase

Warranty Coverage: Legno warrants that our panels and veneer will not delaminate or separate as a result of a manufacturing defect.

This warranty does not cover damage or defects resulting from or in any way holds responsible for:

- Improper storage, handling or installation of the products.
- Variations in colour, markings patterns, fading or darkening that are naturally occurring or develop over time.
- Abuse, lack of maintenance, neglect, abnormal use or misuse, negligence, harmful chemicals and other unintended uses.
- Settlement or movement of the structure to which veneer panels or doors are attached.
- Shipping. Damage caused during shipping is the responsibility of the shipping company.
- Installation or use of veneer panels or doors with visible defects.

If defect in panel or door is found, it should be notified Legno promptly.

Legno Veneer shall;

- Replace any defective panel or door or
- Refund the purchase price of defective panel or door or
- Repair any defects if possible

However, Legno Veneer is not liable for any cost or damages associated with the removal or reinstallation of the panel or door, or the cost of removing or installing any fixtures or items of furniture.

The original purchaser shall give Legno Veneer a reasonable opportunity to examine the claimed defect before proceed any repairs, removal or replacement. The claim must accompany with the original invoice for the proof of purchase.
