Hideaway®

Kitchen...

Disposal of waste and recycling.

Anti-bacterial, friction-fitted lid creates a seal against odours.*

Buckets made from food grade, recyclable polypropylene.

*Deluxe & Soft Close ranges only

Hideaway®

Bathroom...

Disposal of bathroom waste.

The Compact 15L bin allows sink plumbing to be directed behind the bin, allowing more room in other drawers for personals.

Laundry...

Use two 60L hampers to sort your whites from colours.

A single 15L Hideaway Bin can be installed to the shelf beneath the sink to hold bulk laundry powder.

waste / recycling / storage...sorted with a Hideaway® Bin

Hideaway Bins are ideal for use as a hidden storage solution within any area of your home - kitchen, bathroom, laundry...anywhere. Three intelligently designed, New Zealand made ranges are available, offering a simple and stylish space-saving solution.

A Hideaway Bin is a practical solution that slides away under the bench and is completely hidden from sight until needed. The bins are both ergonomic and functional as they are designed to be top and/or side mounted at bench height and pull out towards you, allowing easy disposal of waste without having to bend inside low cupboards. Floor mount models are also available for a quality and robust under-the-sink bin solution.

Units are easy to clean and maintain. This provides you with a simple answer for storing waste and recycling within your kitchen, hygienically disposing of bathroom waste or sorting your whites from colours in the laundry. Each bin unit comes complete with bucket/s and a liner holder, designed to hold your rubbish bag firmly in place. The laundry hamper unit comes with a light-weight polypropylene hamper.

With each of the three ranges offering distinctive features, there is sure to be a Hideaway Bin to suit your needs.

NEW Hideaway® Laundry Hamper...

Hide your laundry, store your extra linen or use as a removable washing basket - the new Laundry Hamper is a high quality storage solution for your home. Featuring air vents to reduce moisture and a robust steel frame designed to withstand the weight of wet washing, this innovative new system is a must for your laundry!

Hideaway® 40L BIN WITH PATENTED AIR VENT SYSTEM...

Available as:
1 X 40L OR
2 X 40L BUCKETS
80L - THE LARGEST
DOUBLE BIN AVAILABLE!

Hideaway® Laundry Hamper features...

ADDITIONAL FEATURES:

Hamper configuration - Single hamper holds up to 60ltrs.
Hamper - Made from light-weight, recyclable polypropylene. Moulded handles for easy removal.
Runners - High quality German ball bearing soft-close runners that create a controlled close through the use of an air vacuum dampener that protects the unit from slamming. The runners over-extend for easy removal of hamper from beneath the bench top and have a dynamic weight loading of 52kgs!

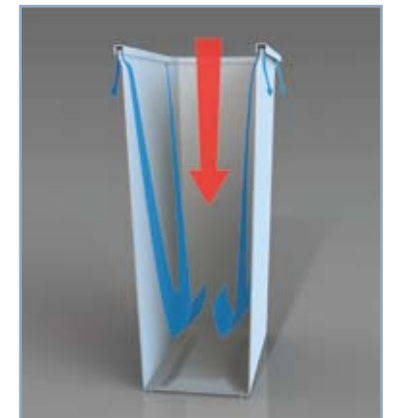

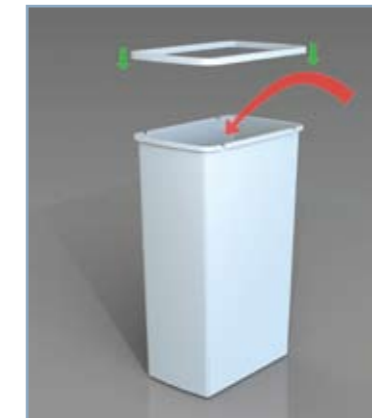

High quality construction - Robust 1.2mm zinc treated steel frame work, powder coated for durability.
Additional features - Pitch adjustment, air vents for ventilation and a solid base to prevent dripping laundry.
Mounting options - Top mount and/or side mount.
Colour - Arctic White. **Installation option** - Door pull.
Refer to the Soft Close range information for more details.

A patented AIR VENT SYSTEM to maximise bag volume.

Vents - Four U-shaped air vents allow trapped air to escape through the lip of the bucket, as you push your bag into the bucket cavity.

Vent design - This unique, patented design will eliminate the frustration of trapped air restricting your liner, maximising bag volume.

Liner holder - Holds your bag in place without covering the vents, so trapped air can escape as you begin to fill your bag.

Patent No. (NZ) 597337 Patent No. (AUS) 2012100163

Design No. (NZ) 415678 (AUS) 341286

ADDITIONAL FEATURES:

Bucket configurations - Single 40ltr or double 40ltr, up to 80ltrs!

Mounting options - Top mount and/or side mount.

Installation options - Door or handle pull.

Colour options - Arctic White.

High quality runners - Over extend for easy bucket removal.

Anti-bacterial friction-fitted lid - Creates a seal and offers odour control.

A Clinikill™ powder coat keeps the bin solution hygienic.*

Buckets - Made from food grade, recyclable polypropylene.

Additional features - Pitch adjustment.*

*Soft Close range only.

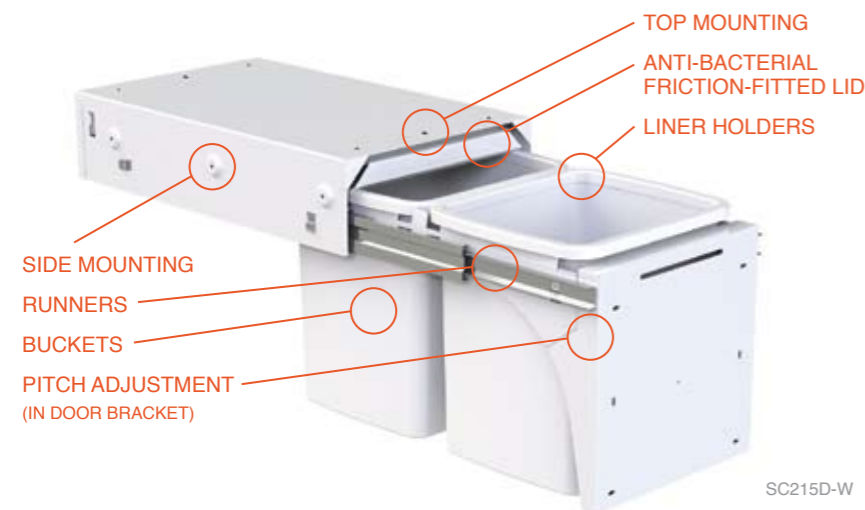

NEW - Units are top and/or side mountable!

Single or double 40ltr bin configurations are available within the Hideaway Soft Close and Hideaway Compact ranges. Refer to the Soft Close and Compact range information for more details.

Hideaway® soft close range features...

LID - Removable, foam-sprung friction-fitted lid that creates a seal across the bucket/s when the unit is closed, assisting in odour control. This lid has a Clinikill™ anti-bacterial powder coat to fight harmful bacteria, yeast and fungi keeping the bin solution hygienic.*

RUNNERS - High quality German ball bearing soft-close runners that create a controlled close through the use of an air vacuum dampener that protects the unit from slamming. The runners over-extend for easy removal of bucket/s from beneath the bench top and have a dynamic weight loading of 52kgs (SC140D-W and SC150D-W hold 47kgs).

AIR VENTS - Patented air vent system to maximise bag volume. 40L models only.

METAL GAUGE - 1.2mm zinc treated steel, powder coated for durability.

BUCKETS - Made from a food-grade polypropylene plastic that is recyclable. All buckets come complete with a liner holder which will hold your bag in place.*

MOUNTING OPTIONS - Top mount and/or side mount.

PITCH ADJUSTMENT - Provided in the door bracket for ease of installation. Adjustment also provided in the top mounting panel and door bracket.

INSTALLATION INSTRUCTIONS - All measurements given are internal (wall to wall) and are the minimum required to fit each unit.

A hygienic bin solution with a Clinikill™ powder coat to fight harmful bacteria...

Recommended Use:
Quality, robust under the sink solution. Fits a standard supermarket bag.

2 x 20 litre buckets
300mm w x 450mm h x 520mm d

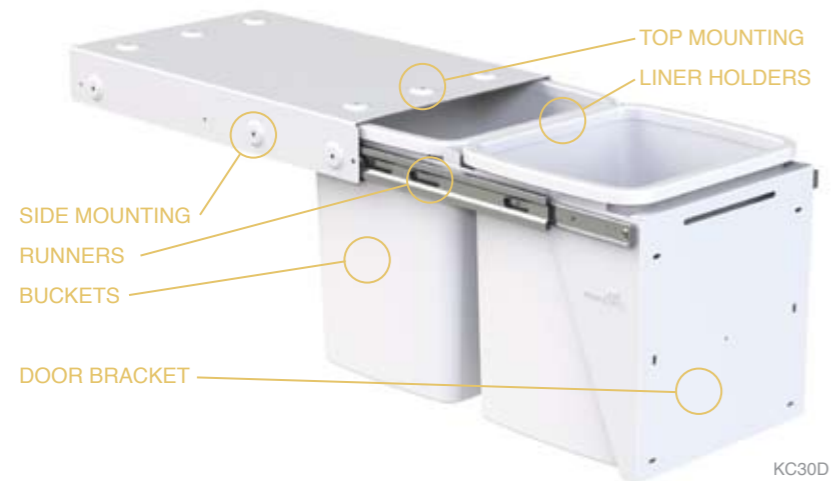

Available in:
KK12H / Handle Pull / Arctic White
KK12D* / Door Pull / Arctic White

Recommended Use:
Ideal recycling solution for the larger family.

Hideaway[®] compact range Features...

Hideaway Compact bins are 'compact' in design making the range ideal for areas with limited space. The units are top and/or side mounted and the mounting panel acts as a cover for the bucket/s.

RUNNERS - Quality ball bearing runners that over-extend, allowing easy removal of buckets from beneath the bench top and have a dynamic weight loading of 40kgs.

METAL GAUGE - 1.0mm zinc treated steel, powder coated for durability.

BUCKETS - Made from a recyclable, food grade polypropylene plastic. All buckets come complete with a liner holder to hold your bag in place.

MOUNTING OPTIONS - Top mount and/or side mount.

AIR VENTS - Patented air vent system to maximise bag volume. 40L models only.

INSTALLATION INSTRUCTIONS - All measurements given are internal (wall to wall) and are the minimum required to fit each unit. Models: KC15H, KC20H, KC140H, KC30H, KC40H, KC240H and KC50H - if hinges are used that do not allow the door to clear the opening fully, allow an extra 10mm width. Installation also requires that the top door hinge be 150mm from the top of the door to allow clearance for the bin handle.
