## Stylish, New, Steaming Hot Water Tap

THIS is a must have for the modern kitchen. The InSinkErator HC3300 Steaming Hot Water Tap provides instant hot water and ambient cold water with the flick of a lever. This eliminates the slow to boil kettle, and reduces the clutter of power leads on the bench top. The HC3300 tap comes with a 5 micron filter which reduces dirt, odour, chlorine, lead and particulates. This is an easy to install unit with a 2.5 litre tank which sits under the sink. The tap has a distinctive single handle with a hot pushlever locking mechanism.
